SPEECH-LANGUAGE PATHOLOGY

Summer 2027 Career Exploration Camp

June 27–June 30, 2027 (4-DAY, 3-NIGHT RESIDENTIAL CAMP)

If you're a rising high school junior or senior, or an undecided college student exploring healthcare careers, this is your opportunity to explore Speech-Language Pathology (SLP) through a hands-on, fully immersive residential experience.

For over 20 years, Misericordia University has hosted the nation's original and premier overnight SLP Career Exploration Camp — the first of its kind in the United States. Begin your journey toward a meaningful and rewarding career in a growing healthcare profession.

WHAT SETS OUR CAMP APART?

- Get a head start in SLP through our accelerated 5-year combined Bachelor's–Master's program.
- Observe real therapy sessions and interact with clients in our newly renovated, two-floor on-campus clinic serving the community year-round.
- Train in cutting-edge facilities, including:
  - Stroke, dementia, voice, swallowing, stuttering, cluttering, literacy, and assistive technology centers
  - Sensory-motor gyms & virtual gaming labs
  - Clinical simulation & Anatomage Virtual Dissection labs
- Meet "Kebbi," our socially assistive robot.
- Learn from nationally and internationally recognized faculty who actively treat clients and supervise clinical training.
- Experience college life — stay in dorms, explore campus, and build lasting friendships.

Cost: $125 (includes meals, lodging, activities & materials)

ADDITIONAL INFORMATION

Participants must complete:

- Emergency Contact Form
- Photo Release Form
- General Liability Release
- Camp Rules Form
