The board strives to create a safe, orderly, caring, and inviting school environment. Gangs and gang-related activities have proven contrary to that mission and are prohibited within the schools. A gang is any ongoing organization, association, or group of three or more persons, whether formal or informal, ~~having as one of its primary activities the commission of criminal acts and having~~ that shares a common name, identification, signs, symbols, tattoos, graffiti, attire, or have other distinguishing characteristics, including common activities, customs, or behaviors, and engages in criminal gang activity. ~~or common identifying sign, colors, or symbols~~. The violence and crime that accompany gangs pose a serious threat to the safety of students and employees of the school system. Even absent acts of violence or crime, the existence of gang-related activity within the schools creates an atmosphere of fear and hostility that obstructs student learning and achievement. Thus, the board condemns the existence of gangs and will not tolerate gang-related activity in the school system.

A. PROHIBITED BEHAVIOR

DRAFT

Gang-related activity is strictly prohibited within the schools. For the purposes of this policy, "gang-related activity" means: (1) any conduct that is prohibited by another board policy and is engaged in by a student on behalf of an identified gang or as a result of the student's gang membership; or (2) any conduct engaged in by a student to perpetuate, proliferate, or display the existence of any identified gang.

Conduct prohibited by this policy includes:

1. wearing, possessing, using, distributing, displaying, or selling any clothing, jewelry, emblems, badges, symbols, signs, or other items with the intent to convey membership or affiliation in a gang;

2. communicating either verbally or non-verbally (gestures, handshakes, slogans, drawings, etc.) with the intent to convey membership or affiliation in a gang;

3. tagging, or otherwise defacing school or personal property with symbols or slogans intended to convey membership or affiliation in a gang (see policy 4330, Theft, Trespass, and Damage to Property);

4. requiring payment of protection or insurance or otherwise intimidating or threatening any person related to gang activity (see policy 4331, Assaults and Threats);

5. inciting others to intimidate or to act with physical violence upon any other person related to gang activity (see policy 4331);

6. soliciting others for gang membership; and

7. committing any other illegal act or other violation of school system policies in connection with gang-related activity.

B. NOTICE

The superintendent or designee shall regularly consult with law enforcement officials to maintain current examples of gang-related activities, including but not limited to gang names and particularized examples of potential gang indicators including symbols, hand signals, graffiti, clothing, accessories, and behaviors. Each principal shall maintain a list of current examples of gang-related activities to assist students, parents, and teachers in identifying gang symbols and practices. The list shall be available in an easily accessible location in the main office of the school. Parents, students, and school employees may, upon request, access the list, which shall include a warning that wearing or displaying clothing, hand signs, or symbols identified in the list with the intent to convey membership or affiliation in any gang may subject a student to discipline under this policy.

DRAFT

In addition, the Code of Student Conduct and all student handbooks (or such other similar materials distributed to parents and students in lieu of a student handbook) shall contain notice that (1) current information on gang-related activities is maintained in the main office at each school; (2) information on gang-related activities is subject to change and the principal should be consulted for updates; and (3) wearing or displaying clothing, hand signs, or symbols identified in the list with the intent to convey membership or affiliation in any gang may subject a student to discipline under this policy. The Code of Student Conduct and student handbook (or such other similar materials) also shall provide the addresses of websites that contain additional information identifying gang signs, symbols, clothing, and other gang indicators.

In providing this information for students and parents, the board acknowledges that not all potential gang indicators connote actual membership in a gang.

C. CONSEQUENCES

Before receiving disciplinary consequences for a violation of subsection A.1 or A.2, above, a student shall receive an individualized warning as to what item or conduct is in violation of this policy and shall be permitted to immediately change or remove any prohibited items. A student may be disciplined only if he or she previously received notice that the specific item or conduct is prohibited.

Disciplinary consequences for violations of subsections A.1, A.2 and A.6, above, shall be consistent with Section D of policy 4300, Student Behavior Policies. The superintendent or designee shall list in the Code of Student Conduct the specific range of consequences that may be imposed on a student for violations of these subsections.

Violations of subsections A.3, A.4, A.5 and A.7, above, are violations of both this policy and other board policies. Disciplinary consequences for such violations shall be consistent with Section D of policy 4300 and the specific range of consequences listed in the Code of Student Conduct for the other board policy violated. That the violation was gang-related shall be an aggravating factor when determining the appropriate consequences.

In a situation where a student has violated this policy or is otherwise suspected of gang affiliation through other circumstantial evidence, the principal shall conduct an intervention involving the principal and/or assistant principal, the student and the student's parent. Such intervention also may include the school resource officer and others as appropriate. The purpose of an intervention is to discuss school officials' observations and concerns and to offer the student and his or her parents information and an opportunity to ask questions or provide other information to the school officials.

This policy shall be applied in a non-discriminatory manner based on the objective characteristics of the student's conduct in light of the surrounding circumstances.
