Greenwich Public Schools Magnet Schools
Open House Schedule for 2027-2028 School Year

Greenwich Public Schools are proud to offer choice to the families of Greenwich that may wish to apply to any of the District's four elementary schools magnet programs. School choice provides opportunities to attend a school with programs that may be of particular interest to a family and/or an individual student. School choice also provides the District with a means of balancing enrollment among its schools on a voluntary basis rather than by mandating school attendance area changes. Magnet School information, guidelines, and application are available only on the GPS website, and it is recommended that you review GPS' regulation. The online submission deadline is 11:59 pm on Sunday, February 1, 2027.

All Greenwich Public elementary schools, K-5, including magnets, teach the same curriculum and provide the same basic support service programs. Below are magnet school details, with dates and times of open houses. Western Middle School will not be accepting new students through the magnet program this year (unless they have had a sibling already attending), due to capacity challenges and the ability to meet the needs of their students.

We are proud to announce in-person, one-hour-long, Open Houses to each of the four elementary Magnet Schools. In case of snow or hazardous road conditions, alternative dates will be provided.
