GOOD NEWS

Student Agency Star of the Week

Ethan is an amazing kindergartener who stands out as a kind and caring young man. He listens, follows directions and is always on task in the classroom. He enjoys being challenged and is always **motivated to do his best work.**

Ethan's classmates know that **they can count on him to help when they need it.** He is often thinking of others. For example, one day the little girl behind him was absent. We learned a trick to help remember a phonogram with 4 sounds that day. When the classmate returned to school, I found Ethan teaching her the memory trick and coaching her until she was also able to perform it. H**e helped his classmate earn 100% on her phonogram test.**

His **kindness, respectful attitude and gentle spirit** make him a joy to have in my classroom!

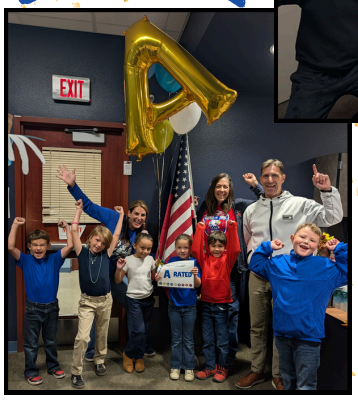

Congratulations, Ethan!
