ALCOTT ELEMENTARY — *NOVEMBER 2026*
CONSTRUCTION UPDATE

Dear Students, Families and Neighbors,

The Alcott construction team has been making great progress on your future school and we're excited to share what's happening.

WHAT WE'VE FINISHED:

- The building's main structure is now complete, including the remaining structural detailing.
- Permanent water and power have been brought to the site, providing the new building with its main utility connections.
- Underground storm drainage is in place, and gravel has been graded across the site to improve site conditions and prepare for future paving and exterior finishes.

WHAT WE'RE WORKING ON NOW:

- Roofing work is progressing as we enclose and protect the building from the weather.
- Interior and exterior walls are taking shape as framing continues throughout the building.
- Crews are installing the exterior walls and weatherproofing the building.
- Heating, cooling, ventilation, plumbing and electrical systems are being installed throughout the interior.

WHAT'S COMING UP NEXT:

- Exterior finishes will start going up, including brick and metal wall panels.
- Interior walls will begin taking shape, preparing spaces for the next stages of finish work.
- Tile flooring will begin in the kitchen area, an important step toward building out the school's new kitchen.

SAFETY TIPS:

- Trucks come 4–5 days a week between 7:00 a.m. and 2:30 p.m. Stay back and make sure drivers can see you.
- Listen to flaggers — they help keep everyone safe.
- Don't go inside fenced-off areas.

BUILDING EXCELLENCE
