The SS4A project is a community initiative focused on improving roadway safety for all users, including students, parents, pedestrians, bicyclists, and drivers. Through this effort, we are collecting public input to identify traffic safety concerns, dangerous intersections, speeding issues, and opportunities for safer walking and biking routes throughout our community.

🥤🎉 UCS FAMILIES — IT'S COKE FUNDRAISER TIME! 🎉🥤Our annual Coke Fundraiser is officially underway! All orders and money are due November 4th!

Thank you for your continued support of UCS PTA! Every purchase helps us give back to our amazing students, teachers, and staff! Questions? Email us at UCSPTA@universitycharterschool.orgHappy Selling!

Don't forget to check out the UCS BSN Sideline store. There's a great variety of spirit wear to add to your collection. New items are added throughout the year. Grab some ger and show your Blazer Spirit!

Help Child Find Locate Children with Disabilities

What Is Child Find?

Child Find is a statewide effort by the Alabama State Department of Education and the Department of Rehabilitation Services to locate, identify, and evaluate children with disabilities from birth to age 21.

How Does Child Find Work?

Early Intervention and Special Education Services work closely with community service agencies, parents, and local school systems to locate children with disabilities. A toll-free number is provided for parents or other persons interested in information about referring a child from birth to age 21.

Why Is Child Find Important?

It helps the child, the family, and the provider to plan appropriate services and link families to services for students meeting eligibility requirements in the following disability areas:

- Hearing Impairment
- Deaf-Blindness
- Intellectual Disability
- Multiple Disabilities
- Orthopedic Impairment
- Other Health Impairment
- Emotional Disability
- Speech and Language Impairment
- Visual Impairment
- Specific Learning Disabilities
- Autism
- Traumatic Brain Injury
- Developmental Delay
