Community Feedback Forum for Superintendent Search - MONDAY and TUESDAY

Dear SPS Families:

The Collins Center will be holding community feedback forums regarding our search for the next Superintendent. We strongly encourage community members to participate in a session that is most convenient for them to share their perspectives on the District's current needs and the key leadership qualities needed in our next leader.

The first session (which will held virtually) takes place this Monday, November 9th, at 7:00 p.m. Community Feedback Forum Zoom Link: https://us02web.zoom.us/j/87242630113

There will be an in person Community Feedback Forum on Tuesday, November 10th at 6:30 p.m. in the Curtis Auditorium.

If you are unable to attend a session, you can also share your thoughts by completing the online survey (click here). Responses are anonymous and shared directly with the Collins Center. It takes only 5-7 minutes to complete and is a great way to submit written feedback and suggestions. The survey will be open through Friday, November 13th at 9:00 p.m.

Thank you for your time and continued support in helping shape the future of our school district.
