Keeneyville School District 20 Administrative Office, Attention: Associate Superintendent of Teaching and Learning, 5540 Arlington Drive E, Hanover Park, IL 60133; cbuckley@esd20.org

If your child is already 5 or will be 5 years of age on or before September 1, do not complete this paperwork. This is only for students who turn 5 years of age after September 1, 2027 and before October 31, 2027.

Please complete the following information for a student to be considered for early placement in kindergarten. When considering a request for early entrance, it is important to take into account the long-term effects of moving a child ahead of his/her age peers. Early school experiences help shape social interactions, self-confidence, and academic foundational skills. While the screening process helps predict academic success during the early years of schooling, it is impossible to predict the long-term effects for the child's future including, but not limited to, academic classroom placements, participation in extra curricular sports and activities, peer-to-peer relationships, etc. We encourage parents to carefully weigh the long-term effects before submitting an application for early entrance to kindergarten.
