REARDAN-EDWALL School District
2027 Levy Quick Facts

LEVY 1

EP&O Renewal Levy
(Educational Programs & Operations)

The EP&O Levy has been renewed by local taxpayers for decades.

What Will it Continue to Provide Our Students?

Continuation of programs such as:

- Music/Arts
- Athletics
- FFA/FCCLA
- Driver's Ed
- Safety/School Security
- Additional teaching staff (math, music, art, counseling, facilities/grounds and many more)

This is NOT a tax increase!

Why is it Needed?

The EP&O Levy accounts for nearly 15% of the district's annual operating budget. The State's basic education funding model does not fully fund programs such as athletics, advanced courses, safety / school security, and student support services. These activities are funded by each community through EP&O levies renewed by local taxpayers.

What Will it Cost?

Estimated at $2.00 per $1,000 assessed, the same rate taxpayers are currently paying.

LEVY 2

Short-Term Capital Levy
You spoke, we listened.

Rather than a comprehensive school bond, recent community surveying preferred a lower-cost, shorter-term approach to address permanent space needs for our growing student population. That is exactly what we are proposing.

What Will it Provide Our Students and Community?

The Short-term Capital Levy will address priority classroom additions for middle school and special education students currently housed in temporary portables, and construct a multi-purpose/performing arts structure for student and community use.

Why is it Needed?

» Reardan-Edwall School District IS GROWING! As a result, nearly 1/4th of our students are being served in temporary portables. After nearly 3 years of study and community engagement, the Community Solutions Committee unanimously recommended a modest classroom/facility addition to reduce the reliance on temporary portables and outside facility leases.

What Will it Cost?

If approved by voters, the district is eligible for an estimated $3.6M in state matching grants, greatly reducing the impact to local taxpayers. As a result, the Capital Levy is estimated to cost $0.94 per $1,000 assessed (approximately $376/year for a $400K assessed value home, or about $31/month)

When is the Election?
