HOLD*- *No completed sanctioning paperwork has been received.

Current Choctaw-Nicoma Park Board policy **does not require a booster club or other organization to have its own EIN/TIN as a condition of sanctioning**. Board Policy, *Parent Booster Club and Parent/Guardian-Teacher Organization Sanctioning*, Item 9 states that sanctioned organizations **shall not use the District's tax identification number and are strongly encouraged to apply for their own tax identification number**. Therefore, an organization may be sanctioned without an EIN/TIN provided it otherwise meets the District's sanctioning requirements.

Organizations without an EIN/TIN must still maintain their finances separately from the District and comply with all applicable financial and tax-reporting requirements. The Superintendent/designee or Board may request financial records, tax records, and other documentation necessary to verify how an organization maintains and accounts for its funds. **The District's EIN and tax-exempt status may not be used by a sanctioned organization.** *Source: CNP Board Policy – Parent Booster Club and Parent/Guardian-Teacher Organization Sanctioning,*
