Welcome

Fresno Unified Families,

Some of the best childhood moments happen when students try something new, discover their interests, and share experiences with others. This winter break, we're excited to help make those moments possible!

December 21–23, Fresno Unified invites students to Winter Fest, three days of opportunities to make new friends, explore new interests, and create lasting memories. Thanks to the creativity and dedication of our staff and community partners, students can step outside their daily routines, explore new possibilities, and discover something different.

Best of all, Winter Fest is completely free for all enrolled Fresno Unified students!

We encourage families to explore this brochure together and find an experience that sparks excitement and curiosity. Our hope is that every student leaves Winter Fest with a wonderful memory, a new friendship, and perhaps even a newfound passion.

We look forward to making this winter break special for our students!
