Good Evening Rialto High School,

This is your Principal, Dr. Sweeney, with your Sunday phone call.

There aren't many announcements for the week so I will keep this short.

First, congratulations to our marching band and regiment, again. They are doing history making routines and making the castle proud.

This week is spooky spirit week at the castle. There are themed days every day, Wednesday night is movie night in the quad, and Friday you are allowed to wear an appropriate Halloween costume. Check social media for details.

Sports for the week. Although there are no home sports for the week we want to wish our boys football team good luck on their away game against RIM. If they win, they move to CIF playoffs.

That's all for the week, Rialto. Have a great week and remember our instructional focus is critical reading and writing across the curriculum and once a knight, always a knight.
