Hi KMS Families,

Help treat the KMS Teachers! Parent/Teacher (P/T) Conferences are on Wednesday, November 11th from 2:00pm to 6:00pm. With school in the morning, that makes for a very long day for the teachers and staff! We'd like to help make the day a little easier by providing a Dessert Bar (there'll be about 80 staff).
There are several options for helping if you are able (sign up HERE):

- Sign up to make a Dessert
- Donate store bought items
- Give your time to help set up the donated items in the staff lounge or help clean up afterwards.
- If you don't have time, you can donate an amount for something, and we'll do the work to purchase it! (See instructions below)

To donate an amount:
Use this LINK to donate a denomination that works for you. All amounts donated here will go directly to KMS teacher and staff treats.
Thank you for supporting our KMS School Teachers and Staff!

KMS Fall Conferences - November 11, 2:00 - 6:00

Fall Student Led Conferences will take place on Wednesday, November 11th from 2:00 - 6:00. We believe students understand and take ownership of learning levels, goals, and progressions further promote growth! All students have been working on their portfolio. It is important to us that parents offer support in giving their students the opportunity to communicate their goals, progress, and celebrate their hard work. Additionally, staff will be available to answer your questions or give their perspective when necessary. We want every student to have the opportunity to brag about their hard work. We look forward to continuing to partner with you and your students in their future! More details can be found here

Join us on the KMS Spring Break Japan 2028 tour!

We have a few spots left, and families can save $300 if they enroll by November 8.
Students will visit the Pokémon Center in Shibuya Ward. They'll also explore Akihabara Electric Town, a hub for tech trends and fans of gaming, manga, and anime. Students will see how Japan's pop culture industries grow and influence the world. They'll also see how traditional culture and modern innovation sit side by side in the same city.
