What is it?	West Briar Middle School is a Title I, Part A campus. This policy explains how families, students, teachers, and school leaders work together to support student achievement. Families are invited to participate in planning, reviewing, and improving Title I family engagement activities and the School–Parent Compact.
Funding	Title I parent and family engagement resources will support meaningful opportunities for families to participate in school programs and strengthen learning at home. Families will be invited to provide input on priorities and the use of applicable engagement resources.
Review	The campus will review this policy and the School–Parent Compact with families at least annually. Parent feedback, participation information, and campus needs will inform revisions. Families may share suggestions through meetings, surveys, or direct communication with campus staff.
Family Meetings	West Briar will offer opportunities for families to learn about Title I, academic expectations, campus goals, assessment results, student supports, and ways to participate in school decisions. Meeting dates, times, and locations will be announced through campus communication channels; families may request alternative participation opportunities.
How to Be Involved	• Attend parent–teacher conferences, Title I meetings, and school events. • Participate in family workshops, volunteer opportunities, and advisory committees when available. • Share feedback through surveys, meetings, and conversations with campus leaders. • Communicate with teachers and counselors about academic, attendance, or social-emotional concerns. • Encourage daily attendance, reading, study habits, and completion of assignments at home.
Family Training and Activities	The campus will share opportunities for workshops and family learning activities related to literacy, mathematics, digital learning tools, assessment information, academic interventions, attendance, and student wellness. Specific activities and schedules will be communicated to families.
Communication and Access	West Briar will communicate through ParentSquare, phone, email, the school website, and scheduled conferences. Families may request interpretation or translation assistance when practicable. The school will seek to provide accessible opportunities for participation and timely responses to family concerns.

Shared Responsibility	Teachers will provide rigorous instruction, monitor progress, and communicate student needs. Families will support attendance, learning routines, and communication. Students will come prepared, participate actively, ask for help, and demonstrate respect. These commitments are further described in the 2026–2027 School–Parent Compact.

Climbing Higher Together: Every Student, Every Classroom, Every Day!
