MTSS COMMITTEE AGENDA

Primary Responsibilities of the Committee:

- Monitor the progress of the implementation of the MTSS plan across the District.
- Create an open space for feedback from teachers, staff, and stakeholders on the effectiveness and challenges of the MTSS plan.
- Recommend improvements or adjustments to ensure successful implementation.

MTSS Non-Negotiables

- Know Your Students Through the Data -Every teacher knows which students need support, what the data is telling them, and why.
- Document the Support in Branching Minds -If we are providing an intervention, we document what we are doing.
- Monitor the Response and Adjust - We don't just provide interventions, we determine whether they are working.

Goal for 2026-2027

- 2026-27 Focus: Identify → Implement → **Monitor → Evaluate → Adjust**

New Items for 26-27

- The **SRSS-IE** is a behavior universal screener, not a diagnosis or label. It helps identify students who may be at risk for internalizing or externalizing behavioral needs so that schools can provide support early and proactively. The results are used to inform MTSS supports and decisions. The SRSS-IE tool is found in and administered through Branching Minds.

Open Discussion

- How can the committee best support all stakeholders in achieving this year's focus?
