As part of this plan, Kemp Primary School and our families will develop a school-parent compact, which is an agreement that parents, teachers, and students will develop that explains how parents and teachers will work together to make sure all our students reach grade-level standards. The compacts will be reviewed and updated annually based on feedback from parents, students, and teachers. Parents provided input and suggested compact revisions during the parent input meetings. The school-parent compacts also are shared with parents during parent-teacher conferences. We strive to develop partnership with families for sharing the responsibility for improved student achievement.

Parent and Family Engagement

Kemp Primary School believes that family engagement means the participation of parents and family members in regular two-way, and meaningful communication involving student academic learning and other activities, including ensuring:

- That parents play an integral role in assisting their child's learning
- That parents are encouraged to be actively involved in their child's education at school.
- That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.

Kemp Primary is committed to helping our parents and families attend the family activities listed in this plan, virtually and in person.

Kemp Primary School is Staff Support!

Kemp Primary School will take the following measures to promote and support parents as an important foundation of the school in order to strengthen the school and reach our school goals. We will:

Train parents to access their child's grades on Infinite Campus and educational resources . Provide technology demonstrations during Parent Academy workshops focused on reading, English Language Arts, Math, Science and Social Studies.

The school will collaborate with the teachers, social worker, the counseling programs, and it's parent resource center to provide wraparound services to parents that identify and address their individual barriers to involvement in their children's education.

Academic Parent Academy Modules will be offered a few times throughout the month to help parents improve and increase student academic achievement.

Provide necessary materials and handouts for parents at conferences, meetings, and activities to help parents work with their child to improve their child's achievement.

Use our Partners in Education to improve awareness of the activities and events listed in the school parent & family engagement plan.

Offer literacy and computer classes for parents to help further enhance their various educational levels.

Collect feedback from parents at events, place input cards on the front-office counter and post a suggestion form on the school website. A member of the parent and family engagement team will respond to families in a timely manner.

Provide parents with reasonable access to faculty and staff to discuss questions or concerns about their child's achievement. Parents may request an appointment by contacting the front office.
