GCCS BETA CLUB AND FFA

Service Project:

Helping Hands Gift Drive

This year, the Beta Club and FFA will be collecting donations for stockings and stocking stuffers for Project Helping Hands. This project provides Christmas gifts for children in need in our community. There are approximately 60 children signed up to benefit from this service and we hope to provide a stocking for each child. Please consider donating and using this opportunity to share the joy with your children of giving to others. If you decide to donate, we ask that students bring in an item from the list designated for their grade level. To cover all ages, please select items appropriate for your child's age and gender. **All donations are due by Friday, December 11th.**
