Reports to the Board

A. Superintendent's Report

Superintendent Dunbar reported that the district was preparing for its scheduled professional development day on November 3, 2026. He acknowledged the significant planning and coordination required to organize professional learning opportunities for district staff and expressed appreciation to Dr. Norbut for coordinating the day's activities.

He highlighted upcoming Veterans Day assemblies throughout the district and recognized the importance of these events in bringing school communities together.

Superintendent Dunbar noted that the district was entering a busy season for athletics and performing arts, with student performances, productions, and athletic competitions taking place at both the conference and state levels. He congratulated the high school volleyball team on its recent conference tournament quarterfinal victory and encouraged Board members to attend upcoming student events.

He invited Dr. Norbut to provide an update on the implementation of the district's high-dosage mathematics tutoring program, which is supported by a $50,000 state grant. Dr. Norbut reported that tutoring had begun at Suffield Middle School for an initial 24 students (12 seventh graders and 12 eighth graders). Students receive instruction in groups of four, maintaining a ratio of four students to one tutor, consistent with grant requirements. Students may exit upon meeting goals beginning in January; additional students could then enter, with a possible total of 48 students served during the year. Families were offered an opt-out. Dr. Norbut said district administrators and the tutoring provider were working closely to ensure effective implementation, appropriate staffing, and ongoing communication with families.

Superintendent Dunbar provided an update on the proposed Suffield Middle School building project. He reported attending a recent Board of Selectmen (BOS) meeting at which the proposed middle school project and other capital needs were discussed. He thanked the PBC for its continued work and leadership in developing the middle school proposal and explained that the BOS had requested additional information regarding potential opportunities to reduce the overall project cost. Superintendent Dunbar will attend an upcoming meeting with Board Chair Sattan to provide further information and to respond to questions. He emphasized the importance of ensuring that the BOS

had accurate information regarding project scope, potential costs reductions, state funding opportunities, and future capital obligations as it continued its deliberations.

B. Board Chair's Report
Board Chair Sattan thanked Superintendent Dunbar, Business Manager Eric Remington, and Assistant Superintendent Norbut for the recent Board of Education retreat. She referenced discussions with ACCE and district administration concerning capital projects, and noted the calendar committee's work on a possible two-year school calendar, which would be brought to the Board for approval. Board members were asked to consider attending the CABE/CAPSS Convention.

Board Chair Sattan called for a recess at 7:02 p.m. The meeting resumed at 7:28 p.m.

Adjournment
Dudack moved, Mol seconded to adjourn the meeting at 7:29 p.m. All members voted in favor.

Minutes are subject to approval at the regular meeting of December 7, 2026.

Respectfully submitted,

Gianna Rossi
Board of Education Secretary
