Salina Public Schools Invites Community to Building Bridges 2026

Build Partnerships, Bridge Connections and Bring Career and Technical Education to Life

Salina Public Schools (SPS) is proud to announce the 2026 Building Bridges event, taking place Thursday, Nov. 12, from 3:30-5:00 p.m. in the cafeteria at Central High School, 650 E. Crawford St.

Building Bridges is a free, come-and-go event that brings together community members, local businesses, industry partners, families, students and educators to explore, discuss and celebrate Career and Technical Education (CTE). The event highlights the vital role CTE plays in supporting postsecondary success.

At the event, guests will experience CTE in action through student-led showcases. These interactive displays will give guests the opportunity to engage with students about their projects and learn firsthand about the hands-on experiences and real-world skills they are developing through these programs. Guests will also have the opportunity to tour our CTE facilities and enjoy a variety of delicious hors d'oeuvres prepared by our talented culinary arts students.

Mark your calendar and join us on Nov. 12 for an afternoon of connections, conversations and celebration of the incredible things our CTE students are accomplishing. For more information, visit our website at www.usd305.com.

The USD 305 Board of Education has been invited; no official board action will take place.
