Addresses RFIs received as of 11-6-2026

1. Section 4, Item 1.e requests annual design revenue for the "last five (5) years (2019–2024)." Because the listed date range does not align with the current five-year period and appears to cover six calendar years, please clarify the specific five years of revenue and project information respondents should provide. Answer: Please provide revenue for the past five years 2021-2026.
2. The RFQ contains multiple references to the Qualifications/Proposer Information section. The Table of Contents identifies it as Section 4, while the Submission Requirements reference Section 5, and a separate Engineers Qualifications/Proposer Information section is identified as Section 8. Please clarify which qualification section(s) are required for the prime consultant and which, if any, are required for engineering subconsultants, and confirm the correct section numbers respondents should follow. Answer: Please follow qualifications/proposer information requirements in section 4. Section 5 must be signed.
3. Do the tab divider sheets and Table of Contents count towards the 20 page double sided limit? Answer: No, they don't.
4. Question #4a under Section 4 and question #4(i) under Section 8 that mentions design experience with tracks - does this need to answered for this RFQ? Answer: Replace track with Turf Fields.
5. Question #1e under Section 4 in regards to annual revenue for design work over the last five years. It states 2019-2024. Do we need to show revenue for 2021 to 2026? Answer: See answer to question #1 above.
