Crestview League Alignment 2026/2027 and Beyond

Rebel Community,

With our recent acceptance back in to the Ohio Valley Athletic Conference (OVAC) on November 4th this is the outline of our athletic affiliation moving forward:

- For the remainder of the 2026/2027 school year we will continue to be an active member of the Mahoning Valley Athletic Conference. We will continue to participate in all league scheduling, events and championships with the MVAC. At the end of this school year that membership will end as the grey division of the conference will no longer exist.

- Beginning immediately we will also be active members of the OVAC. This conference contains over 55 other schools that are affiliated with various other conferences as well as the OVAC. Dual membership is encouraged. This will provide our athletic programs opportunities to schedule local OVAC opponents which is required to accumulate conference points. This will enable us to participate in OVAC post season tournaments. The league does not require us to play certain opponents, only to meet the point requirement to participate in post season tournaments and receive league honors. We have total control over our schedule. We will make every attempt to schedule other local OVAC teams for all of our athletic programs.

- In the fall of the 2028/2029 school year we will join the Eastern Buckeye Football League (EBFL) for football only. League games will fill the football schedule from weeks 6-10. We will be affiliated solely with the OVAC for football for the 2027 season. We will meet the necessary 3 OVAC opponent requirement to qualify for post season honors.

- We will continue with our OVAC membership moving forward, participating in the sports that make sense for our Crestview student-athletes. We will also continue to explore opportunities to join local conferences in our area while maintaining our OVAC membership.
