Who is a Veteran?

Veterans are people who served in the military (U.S. Army, Navy, Marine Corps, Air Force, and Coast Guard) in times of war or peace.

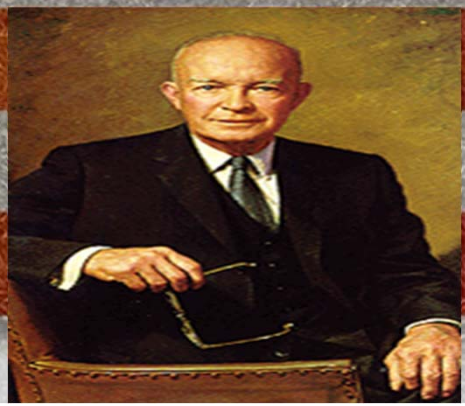

Veterans Day

In 1921, an unknown World War I American soldier was buried in Arlington National Cemetery. This site, on a hillside overlooking the Potomac River and the city of Washington, D.C., became a place of reverence for America's veterans.

Similar ceremonies occurred earlier in England and France, where an unknown soldier was buried in each nation's highest place of honor (in England, Westminster Abbey; in France, the Arc de Triomphe). These memorial ceremonies all took place on November 11, giving universal recognition to the celebrated ending of World War I fighting at 11 a.m., November 11, 1918 (the 11th hour of the 11th day of the 11th month). The day became known as "Armistice Day."

The first celebration using the term Veterans Day occurred in Birmingham , Alabama , in 1947. Raymond Weeks, a World War II veteran, organized "National Veterans Day," which included a parade and other festivities, to honor all veterans. The event was held on November 11, then designated Armistice Day. Later, U.S. Representative Edward Rees of Kansas proposed a bill that would change Armistice Day to Veterans Day. In 1954, Congress passed the bill that President Eisenhower signed proclaiming November 11 as Veterans Day.

Veterans Day
Many people confuse Memorial Day and Veterans Day. Do you know the difference?
Memorial Day is a day for remembering and honoring those who died serving their country.
On Veterans Day we thank and honor those who served in the military.
