INSIDE THE CLASSROOMS

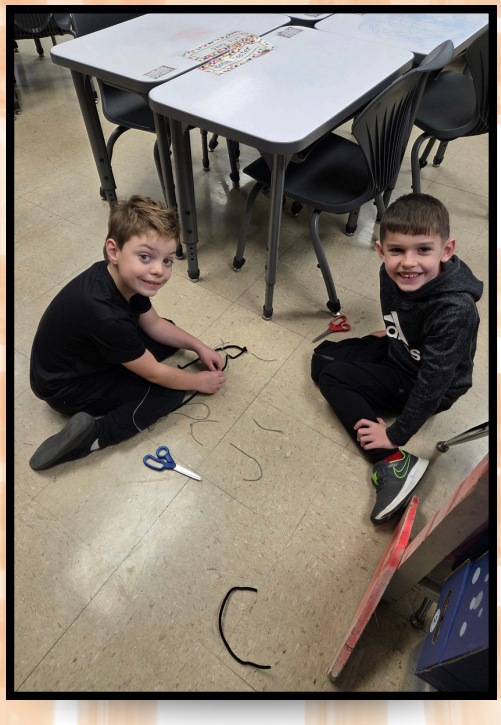

Bringing The One and Only Ivan to Life!

Mrs. Jones' class read *The One and Only Ivan* and worked together to create a fun poster inspired by the story! Our 5th graders showed off their creativity and teamwork while bringing their reading to life!

Creative Catcher STEM Challenge in 2nd Grade

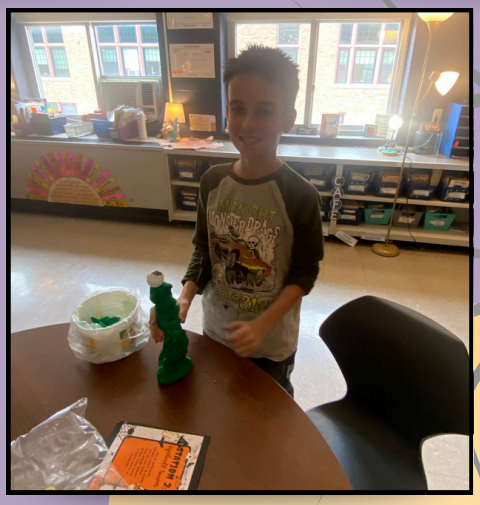

Fifth Grade
Frights & Fun

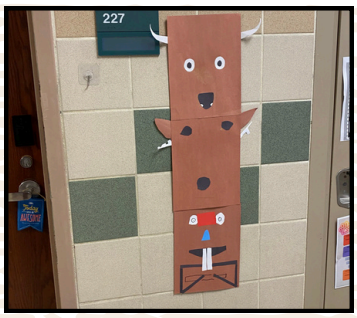

Totems, Tribes & Traditions

During our first social studies chapter, students explored a variety of Native American tribes and learned how different groups adapted to their environments and survived in a range of climates. To wrap up the chapter, each student selected a tribe to research, wrote an informative paragraph highlighting what they learned, and created a unique totem representing their chosen tribe.

Students in *Ms. Russell's class* did a wonderful job showcasing their knowledge while putting their creativity to work! It was a great way to bring their learning to life and celebrate all they discovered throughout the chapter.

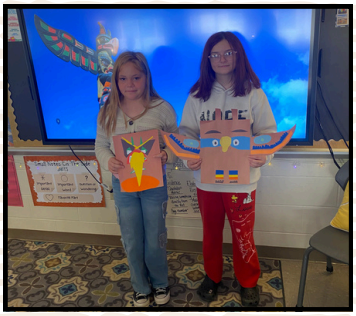

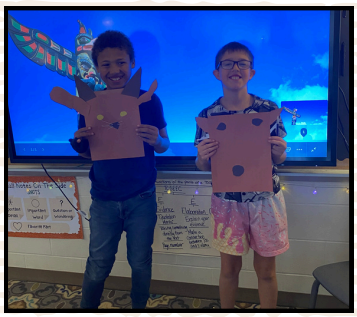

A Little THANKFUL A Lot of Turkey Fun!

Miss Carlineo's second graders took some time to reflect on what they are thankful for! They started by creating a Circle Map to share the things that make them feel grateful. Then, they put their thoughts together to create a class Thankful Turkey, filled with plenty of reasons to be thankful!

Think It.

BUILD IT

Make It Move!

Mrs. Button's third-grade class had the opportunity to explore LEGO Robotics kits through a hands-on STEM activity! Working both independently and together, students followed directions, used trial and error, and put their problem-solving skills to the test as they learned how to make their robots move. Once they mastered the basics, they took on an extra challenge: figuring out how to make their robots spin and move backward, too!

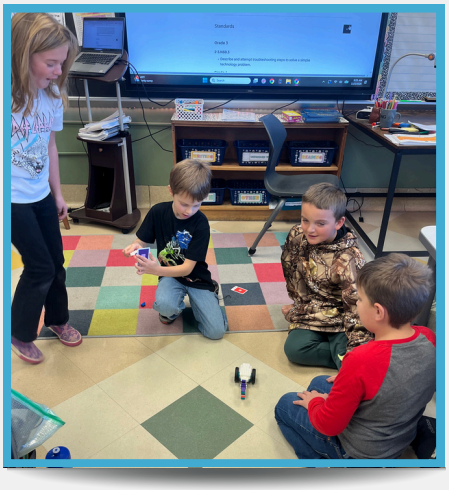

It took plenty of patience, teamwork, and perseverance, but our Wildcats were up for the challenge! There was lots of learning, experimenting, and, of course, fun along the way!

Gobble Up the Creativity!

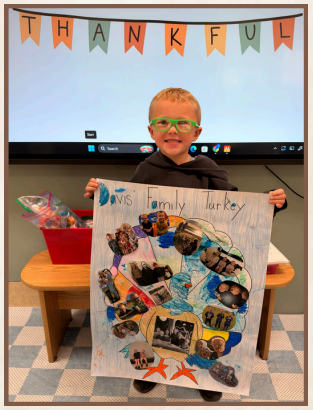

Each year, our kindergarten students bring home a special turkey poster with one fun mission: to decorate and design it however they would like! With the help of their families, students get creative and transform their turkeys into all kinds of fun and imaginative creations. It's a wonderful opportunity to bring families together, encourage creativity, and add a little Thanksgiving fun to the season. We always love seeing the unique ideas and creativity that come back to school!

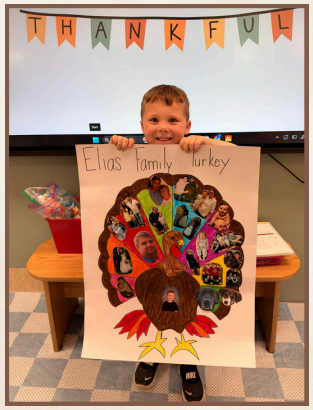

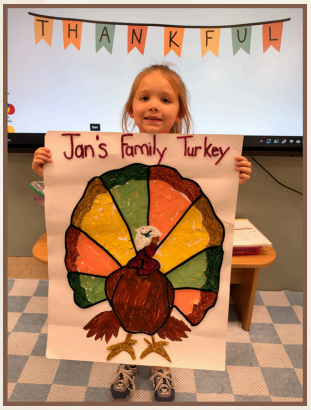

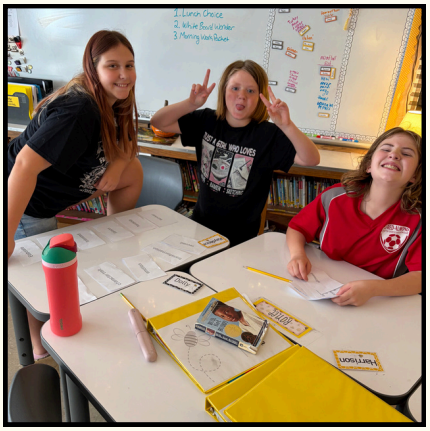

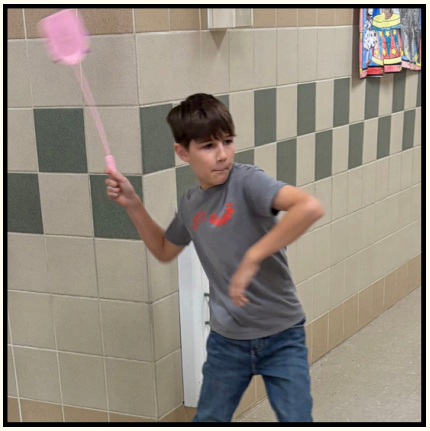

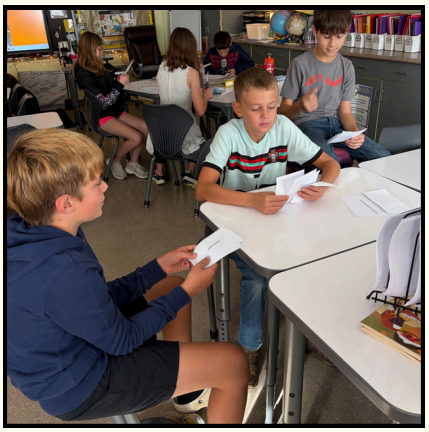

GAME ON:
Vocabulary Edition!

In *Mrs. Walters' sixth-grade reading class*, students prepared for an upcoming vocabulary quiz by playing a variety of fun and interactive games! From Word Swat and Vocab Ball to Go-Fish and Memory Match, students had plenty of opportunities to practice their vocabulary skills in different ways. It was a fun way to reinforce learning, build word knowledge, and get ready for quiz day!

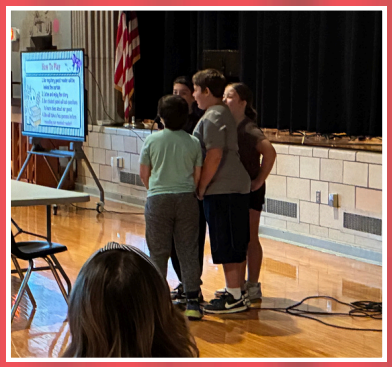

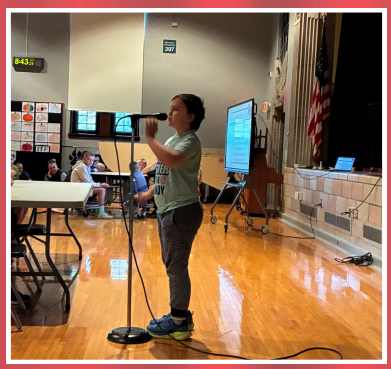

Introducing... Masked Reader!

The BLT brought something NEW to our Friday morning gathering last week! Since it was the fifth Friday in October, they decided to add something special to our regularly scheduled morning time with a little mystery, a little reading, and a fun game of Guess Who!

Our very first mystery reader was **Mr. Oliver**, who read *There Was an Old Lady Who Swallowed a Bat!* Our esteemed panel of judges successfully guessed his identity, and everyone had a blast enjoying this fun Halloween-themed story. It was a great way to introduce this new activity, and we look forward to seeing who will be behind the mask next!

Welcome
MISS STEWART
Elementary Reading Teacher
WHAT INSPIRED YOU TO BECOME A TEACHER?
I was inspired to become a teacher because I want to make a positive difference in children's lives and help them grow academically, socially, and emotionally. I strive to help students develop strong reading skills and build confidence in their abilities. I want to make reading enjoyable and help every student become a successful, lifetime reader.
WHAT ARE YOU MOST EXCITED ABOUT FOR THE SCHOOL YEAR?
I am most excited to get to know my students and help them grow as readers throughout the school year, as well as growing relationships and learning from my colleagues.
WHAT IS YOUR FAVORITE THING TO DO OUTSIDE OF SCHOOL?
Outside of school, I enjoy spending time with my family and friends and animals, reading and being outdoors. I also love trying new things and making memories with the people closest to me.
FUN FACT:
A fun fact about me is that I love to do crafts in my spare time.
WHAT ARE YOU LOOKING FORWARD TO MOST ABOUT BEING A WILDCAT?
I'm most looking forward to getting to know my students and coworkers, learning from the amazing staff, and growing as a teacher. I'm excited to be part of a team that supports one another and helps students build confidence and a love for learning!

Our Community Closet Is Open!

The Elementary School Counselor

The community closet is open! Every year, **United Way** donates personal hygiene products to area schools so that our families always know where to find the basics if they are in need. We have a variety of shampoo and conditioner, soap, dental supplies, and feminine hygiene products. Students are able to come in any time and shop for what they need. Parents and families, please don't hesitate to reach out to *Miss Eggleston* if you need a few items from the community closet - we are here to help!

In addition to United Way, our local **Sheriff's Department** hosts an annual coat drive for students in our area, and we have received many donations over the years. It is getting cold out, and students will need to start bundling up! If you'd like your student to visit the closet and choose a coat for the winter, please reach out to Miss Eggleston and we can make it happen.

We are so grateful to our community partners for helping our Wildcat families get what they need throughout the year! They say it takes a village to raise a child, and ours is one of the best!
