Elissa (Larrivee) Libby

Class of 1998 - Basketball, Track, Volleyball

Elissa (Larrivee) Libby is a Westford Academy graduate of 1998. Elissa's athletic career stands as a testament to her hard work, determination, and talent. As a three-sport varsity athlete, she distinguished herself as a highly accomplished student-athlete at Westford Academy.

On the basketball court, Elissa was a dominant force. Her senior year game average statistics—15 points, 13 rebounds, 3 assists, and 2 steals per game—showcase her complete game and well-rounded abilities. In her time at WA, Elissa became a member of the elite 1000-point scoring club, a feat few accomplish. Her basketball excellence earned her recognition as a Dual County League All-Star for three consecutive years (1996, 1997, 1998), *Lowell Sun* Basketball All-Star (1997, 1998), and *Boston Herald* All-Scholastic honors in 1998. Perhaps most memorably, she competed at the TD Garden during her team's championship runs in both 1995 and 1998, experiences that few high school athletes ever have.

Her athletic talent extended beyond basketball. As captain of the track and field team, Elissa competed in multiple events, including the 100-meter dash, 200-meter dash, 4x100-meter relay, long jump, and shot put. She was a key part of the team both as an athlete and a leader.

Elissa was also a fierce competitor on the volleyball court. As a member of Westford Academy's inaugural volleyball team, she was a four-year starter who dominated at the net, putting her blocking and hitting skills on display every game. Her quickness and ability to read the court allowed her to outplay her opponent in every match.

Elissa's outstanding achievements did not go unnoticed. She was recognized with five MVP honors throughout her junior and senior years. Her senior year, she was honored with both the Senior Athlete Award and the Senior Female Athlete Award, highlighting her overall athletic talent and range.

After high school, Elissa went on to play basketball at Clark University in Worcester, continuing her athletic career at the collegiate level. Today, in addition to working full-time as the site quality head at Lantheus, she still finds time to keep athletics in her life as an administrator for the Nashoba Youth Basketball League. Elissa lives in Bolton, Massachusetts with her husband, Jesse, and their four children: Jackson, Ella, Mason, and Eva.

Her contributions to her teams are an outstanding example for current and future Westford Academy student-athletes. As a twelve-season varsity athlete, Elissa has proven herself to be very worthy of the Hall of Fame honor. Congratulations, Elissa!
