How to Register for Winter Fest in 6crickets

A step-by-step guide for Fresno Unified parents and guardians

Fresno Unified uses **6crickets** as its online platform to register students for Winter Fest sessions and other Expanded Learning experiences. Registration takes about 10 minutes from a phone or computer. Follow the steps below.

Before you begin: who can register and how to log in

- **Only the Primary Guardian listed in ATLAS can register a student.** District personnel**,** other relatives or emergency contacts will not be able to log in.
- **Check ATLAS first.** If your mobile number or email is missing or out of date, update it through the ATLAS Parent Portal (parents.fresnou.org) or your school office. Changes can take up to 24 hours to reach 6crickets.
- **Log in with the mobile number or email address listed for you in ATLAS.** 6crickets will verify your login against Fresno Unified's student information system (ATLAS) and send you a one-time access code. There is no password and no new account to create.

Six steps to register

1 Open the Winter Fest registration page

Use the Winter Fest registration link shared via text message, flyer, or on the Expanded Learning website.

Tip: use the language menu icon at the top of the page to translate information into Spanish, Hmong, and many other languages!

2 Select a Winter Fest activity

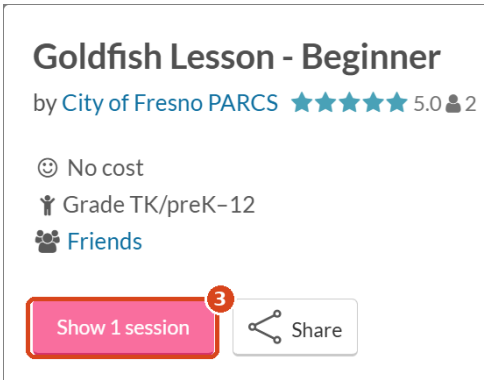

Browse the activities and click the card for the one your child would like to attend, for example **Goldfish Lesson – Beginner** offered by City of Fresno PARCS.

Check the grade range and dates on the card before you select it.

3 Click “Show 1 session”

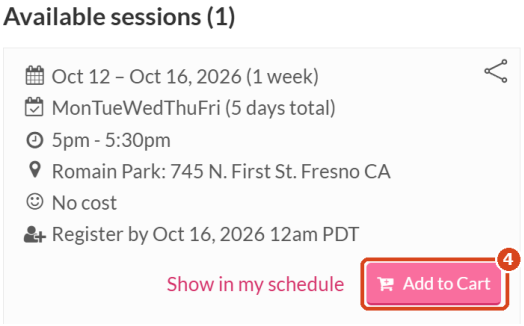

This opens the session card with the date, time, and site location for the activity.

4 Click the pink “Add to Cart” button

If seats are still available, click **Add to Cart** to enroll your child. There is no cost and no payment step.

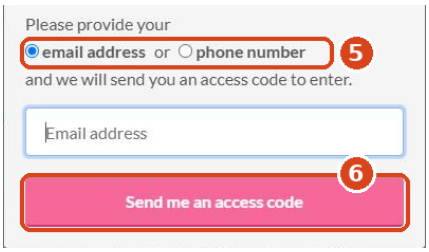

If the session is full, the button will read **Apply for a Seat** instead. Click it to submit an application; our supporting community vendors will notify you if a seat opens.

5 Log in with your ATLAS contact information

Choose **email address** or **phone number**, then type the mobile number or verified email that is listed for you in ATLAS as the Primary Guardian.

Click **Send me an access code**. Do not use the Sign up button on 6crickets.com; your account already exists.

6 Enter the code and complete your child’s profile

Type the code from your text message or email.

Click **Checkout**, then fill in every field marked with *, answer the district questions, and sign the waivers. Click **Save and Continue**, review the details, and click **Confirm Enrollment**. You will receive a confirmation message.

What happens next

- **Added to Cart and confirmed:** your child is enrolled in the Winter Fest session. Keep the confirmation message and check your child’s schedule in 6crickets.
- **Applied for a Seat:** the session was full, so your child is on the application list. A seat is not guaranteed; the hosting Community Vendor will notify you if one opens.

Troubleshooting

If this happens	What to do
"We can't find a match" or the login is not recognized	You may not be listed as the Primary Guardian, or the number/email you typed does not match ATLAS. Try the other option (phone instead of email, or email instead of phone), then ask your school office to check your ATLAS record.
No access code arrives	Check your spam or junk folder, wait a few minutes, and try again. Make sure the number in ATLAS is a mobile phone that can receive text messages, not a landline.
One of my children is missing after I log in	ATLAS has different contact information on each child's record. Ask the school office to list the same mobile number and email for all of your students, then log in again.
I created an account on 6crickets.com by mistake	Log out and return through your school's registration link. A district parent account shows a graduation-cap icon above your email in the top right corner.
My school updated ATLAS but I still can't log in	Allow up to 24 hours for the update to reach 6crickets, then try again.
The session shows "Apply for a Seat" instead of "Add to Cart"	The session is full. Apply for a seat and the Expanded Learning Department will contact you if one opens. You can also look for another Winter Fest activity with seats available.

Need help?

Your child's school office	First stop for updating your mobile number or email in ATLAS so you can log in to 6crickets.
