MISSION STATEMENT

Cardinal Newman School is a Catholic middle and high school whose mission is to provide an academically rigorous Christian education to young men and women from diverse socio-economic and cultural backgrounds. We challenge our students to embrace truth, pursue academic excellence, act with integrity, lead courageously, work for justice, and engage in generous service. We are a community where every student is known, the dignity of all is appreciated, and apparent and potential gifts are developed in mind, body and spirit.

Thank You

Every gift strengthens the Cardinal Newman experience and helps sustain our mission of outstanding Catholic formation and education. We are deeply grateful to the 544 donors who invested in our students during the 2025-2026 fiscal year.

Dear Cardinal Newman Community,

As we begin a new school year, I am grateful for the opportunity to lead a community united by faith, committed to excellence, and dedicated to the formation of young men and women in mind, body, and spirit.

Our theme for this year is Better and Balanced. It reflects both our ambition and our responsibility. We will continue working to make Cardinal Newman better in every area while maintaining the balance necessary to serve our students well, support our faculty and staff, and steward our resources responsibly.

That commitment was evident during the 2025–2026 fiscal year. Through careful budgeting and disciplined spending, Cardinal Newman ended the year with an operating surplus of approximately $46,000. This positive result reflects our determination to strengthen the school while managing the resources entrusted to us with care.

It also reflects the generosity of the Cardinal Newman community. We are deeply grateful to the 544 donors who invested in our students during the past fiscal year. Every gift strengthened the Cardinal Newman experience and helped sustain our mission of outstanding Catholic formation and education.

Tuition provides the foundation for Cardinal Newman's annual operating budget, but philanthropy expands what is possible for our students and school. We will continue focusing on growing the Newman Fund as our first annual giving priority while also helping members of our community discover the many ways they can support Cardinal Newman—from scholarships, programs, athletics, the arts, and facilities to endowment and planned giving.

Together, these gifts allow us to meet current needs, respond to new opportunities, and prepare responsibly for significant future investments. They also help us build the financial strength necessary to address major campus and transportation needs without placing the entire burden on tuition.

As we look ahead, my vision is clear. Cardinal Newman will remain firmly rooted in its Catholic identity and focused on providing an academically rigorous education in a community where every student is known and valued. We will pursue excellence thoughtfully, make decisions that support the long-term health of the school, and continue building a Cardinal Newman that is both better and balanced.

Ending the year with a modest operating surplus reflects that commitment—continuing to strengthen the Cardinal Newman experience while managing our resources with care and responsibility.

Thank you for your prayers, your generosity, and your confidence in Cardinal Newman. Our future is strongest when our entire community works together on behalf of our students.

Sincerely,

Charles Assey
Head of School
