Work Skills Assessment Participation Waiver

Students and parents can choose to waive participation in the work skills assessment component of the Michigan Merit Examination (MME).

Note: There is no waiver option for the required college entrance exam (SAT) or M-STEP science and social studies assessment components of MME. State and federal laws require that grade 11 students take each of those assessments.

This form must be signed and submitted to your child's school **by February 28** of the current academic year to waive participation in the work skills assessment.

By signing this waiver, you acknowledge that:

1. You have received the letter (https://go.mi.gov/4popq3444) explaining why the work skills assessment is given and the benefits of taking it;

2. You choose for your child not to take the Michigan-administered work skills assessment in grade 11 or 12; and,

3. By waiving participation, your child will not be eligible to participate in the Michigan-administered work skills assessment in grade 11 or 12.
