Find a BlueHPN doctor

To see if your current doctor is part of the BlueHPN or to look for BlueHPN doctors:

1. Go to **anthem.com/ca** and select **Find Care.** Then, choose **Members**.
2. Under *Search your medical plan without logging in*, enter **907** and select **Search**.
3. Search for doctors by name, specialty, or location. Choose a doctor from the list to see details, including gender, languages spoken, training, and contact information. Take note of the effective date they join the network, if it applies.

Remember that some doctors may have multiple locations but not all their locations may be in the BlueHPN. Check before your appointment to make sure that your doctor and location are in your plan's network.
