Statement of Boarding Principles and Practice

'It is the aim of the Dean Close Foundation and Dean Close St John's School to provide a full and balanced life in the caring, family atmosphere of a Christian coeducational school; to enable young people to develop relationships and fulfil their potential as individuals in a secure and happy environment and thereby learn to play their full part in society as a whole.'

Statements of Boarding Principles

We want all of our boarders to feel safe, happy and at home in the boarding house.
We encourage our boarders to be involved in all aspects of school life, to have lots of new experiences and to grow and develop into confident, independent and positive individuals.
We provide structure and guidance to help our pupils develop into healthy, well-balanced and thoughtful young people.
We strive to ensure that all boarders are able to flourish as part of an inclusive, mixed community, making a positive contribution to the school and to society as a whole.
We endeavour to maintain regular and open communication between parents, staff and boarders.
There should be equal opportunities for all boarders.
