The **Right to Education** Local Task Force

Working together to ensure the delivery of Special Education Services to eligible students.

Who Are We?

Family members, community members, local professionals, and Delaware County School Districts

What Do We Do?

Disseminate information about local resources, services, legislation updates, parent and professional training opportunities, and current issues impacting local special education.

Provide opportunities to network with agencies, other parents, and professionals to help address questions and concerns.

Build a sense of community through meaningful discussions and shared experiences.

General meetings are often followed by presentations. Topics are selected by Local Task Force members; however, we highly encourage participants to provide suggestions on future topics. You may contact the Local Task Force to request placement on the next scheduled general meeting agenda.

Local Task Force meetings are **FREE** and held five times per school year via Zoom. Registration information and Zoom links will be sent before each meeting
