Britney Rodriguez, Director

Returned item fee policy · Effective September 1, 2026

Paying online

We accept electronic check (ACH) payments through LINQ Connect for school fees, meal accounts, and other student charges. ACH is convenient and keeping your payment details current helps every transaction go smoothly.

If a payment is returned a $25 fee will be added to the student's account for any ACH payment your bank returns, including returns for:
• Insufficient funds
• A closed or invalid account
• A stop payment
• Incorrect account or routing information

The fee is applied when the payment is returned and must be resolved before ACH payments resume on the account. Accounts with repeated returns may have ACH turned off.

Avoiding the fee
• Make sure your account has enough funds before you pay.
• Double-check your routing and account numbers.
• Update your details in LINQ Connect if you change banks.
• When in doubt, pay by debit or credit card.

Questions? Contact the Office of Food Services at 219-873-2131.
