Veteran's Day is to be commemorated on the 11th hour of the 11th day of the 11th month because that was when, in 1919, an armistice took effect between Germany and the Allied nations. President Wilson declared the day to be "*filled with solemn pride in the heroism of those who died in the country's service and with gratitude for the victory both because of the things from which it has freed us and because of the opportunity it gives America to show her sympathy with peace and justice to all nations.*"
