# Health Care Pre-Apprenticeship

***Healthcare Pre-Apprenticeship… Enriching Lives and Livelihoods***

Aligned with registered apprenticeships and local employers, the Florence One Adult Education Health Care Pre-Apprenticeship Program is designed to prepare participants for success in registered apprenticeship programs and/or direct entry into health care occupations. The Florence One Adult Education Health Care Pre-Apprenticeship program is a 30-hour program, offered over a 6-week timeframe that engages participants, including ESL enrollees, in a supportive, blended-learning experience. The program consists of 7 components: pre-enrollment counseling, enrollment, orientation, classroom instruction, offsite experiences, transition preparation, and transition. Enrollment and orientation are offered in-person or online with a combination of hybrid delivery for instruction. Students may be co-enrolled in a GED or HSD track or attend as a skills-upgrade participant.

**Participating in the Pre-Apprenticeship**

Weeks 1 and 2- Earn multiple certifications related to healthcare, including valuable soft skills Weeks 3 and 4- Learn more about your specific healthcare career choice through exploration through one or more of the following: job shadowing (Virtual or In-Person); virtual reality software; additional certification classes
