A Message From Superintendant, Heather Hoyer

Dear High School Students and Families,

As the school year heads into the second quarter, our theme, “Building Tomorrow, Together,” continues to remind us that building a future is a team effort. The blueprints for a student’s future are shaped by the relationships between teachers, students, families, academia, service organizations, and our broader community.

For our soon-to-be graduates, this is a season to prepare for the transition ahead and to finalize the blueprints that will help guide your next steps after high school. Graduation is an important milestone, but it is not the final step in your learning journey, and your high school diploma is not a terminal transcript. As you consider what comes next, explore opportunities such as dual credit, internships and pre-apprenticeships, certificates, and stackable credentials. These experiences can help you connect what you have learned in school with the skills and knowledge you will continue to build in college, careers, and your community.

For underclassmen, this is also a time to explore interests, polish work-ready skills, and think about the paths you may want to pursue. Ask questions, try something new, and take advantage of opportunities that help you understand what energizes you and where you can grow. The choices you make now do not have to determine every step of your future; they can help you build a strong foundation and stay open to new possibilities.

If you are facing academic or personal challenges, you do not have to navigate them alone. Great Falls Public Schools is here to help connect you with support and resources, including:

- Academic Support: Connect with your counselor, teachers, and Associate Principal to explore resources, academic options, and pathways that align with your goals.
- Wellness and Connection: L.I.F.T. peer mentors and professional mental health specialists are available to support your well-being, because feeling connected and supported is an important part of success.

As you prepare for what comes next, remember to make room for the present, too. Some high school experiences happen only once. You will not have another last homecoming game, senior prom, or beautiful fall weekend spent serving others with your favorite high school service organization. Embrace all that “is,” celebrate the people beside you, and recognize the memories and relationships you are building along the way.

Sincerely,
Heather S. Hoyer, Superintendent, Great Falls Public Schools

Counselors' Corner

The Visions Newsletter keeps families informed about counseling activities that support students throughout high school and prepare them for life after graduation. For more information, contact CMR Counseling at 406-268-6159 or GFH Counseling at 406-268-6330.

Important Date for All Juniors and Sophomores

April 6, 2026: ACT for all juniors, Pre ACT is optional for sophomores

Great Falls High Counselors' Corner

GFHS counselors provide grade-specific activities and individualized support to help students explore interests, plan coursework, and prepare for their futures.

Freshmen: Counselors meet individually with students to complete career interest inventories, discuss future courses and postsecondary goals, and establish supportive relationships.

Sophomores: Students may take the PSAT in October, participate in the new World of Work event at Great Falls College MSU and the University of Providence, and apply for the spring Hugh O'Brien Youth Leadership Seminar (HOBY).

Juniors: Students can take the PSAT for potential National Merit recognition, explore AP courses, and take the ASVAB for military career planning. Spring activities include individual counseling conferences and Junior Parent Night, covering college applications, financial aid, and scholarships. All juniors will take the ACT on April 6, 2027.

Seniors: Counselors provide scholarship information, college application assistance, and financial aid guidance through classroom visits and Senior Parent Night. Students can also explore military and workforce opportunities. Counselors monitor academic progress throughout the year to support successful graduation.

CMR Counselors' Corner

CMR counselors provide grade-specific activities and individualized support to help students explore career interests, plan coursework, and prepare for life after high school.

Freshmen: Counselors visit Health classes to introduce counseling services and meet individually with students to build relationships and explore future goals.

Sophomores: Students participate in the World of Work event, gaining hands-on experience with career opportunities and industry professionals. Counselors also help students develop educational plans aligned with their career goals.

Juniors: Counselors provide information about college entrance exams, scholarships, and postsecondary planning. Students receive guidance on exploring college, career, and military options. ACT preparation is incorporated into classroom instruction, and all juniors will take the ACT on April 6.

Seniors: Counselors provide information on college applications, financial aid, scholarships, career opportunities, internships, and military options. Individual conferences help students finalize their postsecondary plans.

Our counseling team is available throughout the year to support students with academic, personal, and postsecondary planning needs. We encourage students to reach out whenever they need guidance or assistance.

Please visit our website at: http://cmrcounseling.weebly.com/

Counselors are assigned alphabetically by your child's last name.

Paris Gibson Education Center welcomed enthusiastic new and returning students for the school year. We look forward to helping students thrive through alternative education opportunities.

Seniors are encouraged to prepare for college by completing applications, monitoring deadlines, and submitting the FAFSA to determine eligibility for grants, loans, and work-study opportunities. FAFSA assistance is available year-round through the counseling office.

Juniors will take the computer-based ACT in the spring, with additional information provided as testing approaches.

Paris students can also earn college credit at little to no cost through dual enrollment at Great Falls College MSU while continuing their high school coursework. Spring semester opportunities are available. Interested students should contact Mr. Kornick.

PGEC Counselor for all students is

3. Continue to apply for scholarships.

Testing Information 2026/2027

Statewide ACT Testing

All juniors at CMR, GFH, and PGEC will take the online ACT on April 6, 2027, during regular school hours. The test is administered by the Montana Office of Public Instruction (OPI) and funded through a Montana University System grant.

Make-up testing is scheduled for April 7, April 13-15, and April 20-22. Results are typically emailed to students in late May or early June.

Seniors wishing to retake the ACT or who missed testing during their junior year may register at www.act.org at their own expense.

For testing information, registration, and test center updates, visit ACT.org

Students should check college admission requirements to determine whether the optional ACT Writing section is recommended.

National ACT test dates are generally held on Saturdays unless otherwise noted. For current testing schedules, locations, and cancellations, visit www.act.org.

Testing Dates	Location	Registration Deadline
December 12, 2026	CMR High School	November 6. 2026
February, 27, 2027	CMR High School	January 22, 2027
April 10, 2027	CMR High School	March 5, 2027
June 12, 2027	CMR High School	May 7, 2027

SAT and PSAT Testing for Juniors and Seniors

SAT – College Entrance Exam

The SAT is a digital college entrance exam that assesses reading, writing, and math skills. Students should review admission requirements for colleges they are considering to determine testing expectations.

The SAT is offered on select Saturdays throughout the year. Students are responsible for registering online and paying applicable fees. For current test dates, registration deadlines, fees, and locations, visit www.collegeboard.org/sat.

The test is administered on the followingdates at CMR High School

TEST DATES	**REGISTRATION DEADLINES**
October 4, 2025	September 19, 2025
November 8, 2025	October 24, 2025
December 6, 2025	November 25, 2025
May 2, 2026	April 21, 2026

Hugh O'Brien Youth Leadership (HOBY)

Each spring, 10,000 high school sophomores from across the country to participate in one of HOBY's 70+ State and Virtual Leadership Seminars to develop their leadership skills and learn how to apply to become effective, ethical leaders in their home, school, workplace, and community.

State Seminarsare three-to-four-day residential programs typically held on a university campus.Virtual Seminars are two-to-three day live online programs that allow students to participate from home. This year's HOBY program will be June 3-6, 2027 at a to-be-determined location. Registration opens September 2026. See your counselor to register. Registration fee to be determined by HOBY. Visit hoby.org for more information.

NCAA Eligibility for College Athletics

Students planning to compete in NCAA Division I or II athletics must register with the NCAA Eligibility Center and meet academic eligibility requirements.

- Students must graduate from high school
- Complete 16 NCAA-approved core courses (The Great Falls Public Schools minimum graduation requirements exceed those of the NCAA.)
- Earn a minimum core-course GPA of 2.3 for Division I or 2.2 for Division II
- SAT and ACT scores are no longer required for initial NCAA eligibility

Students should work with their school counselor to ensure their courses meet NCAA requirements and to complete the registration process. For detailed eligibility requirements and registration, visit www.eligibilitycenter.org.

Montana College Applications

Seniors can apply to participating Montana colleges through Apply Montana.

Students may need additional information to establish Montana residency, including dates of residency, driver's license issuance, voter registration, vehicle registration, and extended absences.

Visit your school counselor for assistance with college applications, financial aid, and planning resources.

2027 ADVANCED PLACEMENT TEST INFORMATION

The College Board's Advanced Placement (AP) Program allows high school students to take challenging, college-level courses and potentially earn college credit.
AP exams are administered each May and typically include multiple-choice and free-response questions. Some courses require portfolios or performance-based assessments. Scores range from 1 to 5 and are released in July. Many colleges and universities award college credit or advanced placement for scores of 3 or higher, depending on institutional policies.
The Exam schedule for the may AP Exams are listed below. If you are not registered yet for one of your AP course exams, speak with your counselor today to get registered.

Tues. May 11		Statistics
Wed. May 12	English Language & Comp	Computer Science A
Thurs. May 13		Environmental Sciences
Fri. May 14		Psychology

Great Falls Public Schools FOUNDATION

Taxpayers are the primary supporters of public schools. The Great Falls Public Schools(GFPS) Foundation exists to build upon the taxpayers' commitment with private funding to enhance education in unique and impactful ways. Through the generosity of donors, the Foundation provides educator grants, student scholarships, building enhancements, and student and teacher recognition opportunities. The Foundation partners with families, businesses, and the community to positively impact the learning experience for students and teachers.

Foundation Scholarships

In 2026, the GFPS Foundation awarded over 150 scholarships totaling more than $550,000 to graduates pursuing a wide array of post-secondary education plans. Similar opportunities exist for current seniors. There is one application session for Foundation scholarships, it is Oct. I - Jan. 7.

Online Application - Apply online at https://gfp foundation.org/scholarships/ , contact our office if you need assistance or have questions about the scholarship program.

Award Notifications -Students who are selected to receive scholarships are notified by mail from the Foundation office.

Scholarship Disbursements -Once recipients have provided all the necessary information, scholarships are disbursed directly to the educational institutions in July or August unless specified otherwise.

Additional Financial Support for Juniors and Seniors

In addition to post-secondary scholarships, the Foundation offers financial assistance for other areas of learning. If your student needs assistance in any of the following areas, please contact the counseling office at their school for more information:

Advanced Placement (AP) exam fees, Dual credit course fees
Accuplacer Exam fees, or Virtual Academy class fees

Contact Us

If you have questions about Foundation scholarships, please contact our Scholarship Coordinator Joan Dailey at 406-268-7849 or joan_dailey@gfps.k12.mt.us.

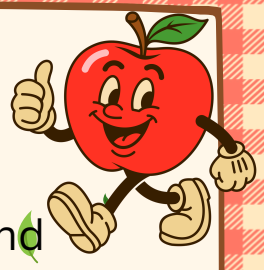

CMR Senior Scholarship News

CMR Seniors looking for scholarship: The Scholarship Scoop is a monthly publication of all scholarships available to CMR seniors and published at the beginning of each month, beginning in October. Mrs. Johnson, our scholarship coordinator, will publish the scoop. The Scoop can be accessed on line on our counseling website **cmrhs.gfps.k12.mt.us/departments/counseling-center** or hard copies are also available in the counseling center. A Scholarship Information Night that is sponsored by the Great Falls Public Schools Foundation and the CMR counseling staff, was held in the middle of September, if you missed the Scholarship night, you can talk to your Counselor, check your google classroom (for a recording of the presentation), or visit the website listed above and click on the Scholarships Tab. Seniors should plan to review the Scholarship Scoop each month and apply for any scholarships for which they are eligible. The GFPS Foundation Scholarships will only have one session this year. It will open October 1st and close January 7th. We also encourage seniors to investigate scholarship opportunities available at universities/colleges to which they are applying. Counselors are available to assist any seniors in the college and scholarship search process.

Great Falls High Senior Scholarship News

GFH Seniors with questions about scholarships or any other information pertinent to their senior year, look no further than your senior English class. A copy of Senior News, the monthly publication information about scholarships, graduation, upcoming events, etc. is available to GFH seniors, is uploaded every month, beginning in September, to the counseling website and the graduating class's Google Classroom. Counselors visit English classes every month to go over information in Senior news and answer any questions students have about the information or graduation. Parents: the GFH Counseling office and the GFPS Foundation hosted a Scholarship Information Night Sept 18th. You can talk to your students counselor or the GFPS Foundation for information if you missed the Scholarship night. You can also view the Scholarship info by visiting **https://gfhcounseling.weebly.com/** and clicking on Senior Year Icon or the Post-Secondary Planning Tabs.

Dual Credit Opportunities

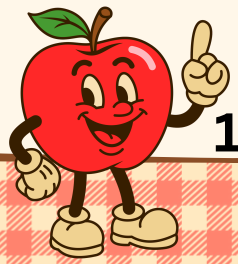

Get a head start on college while still in high school!
Dual credit courses allow students to earn high school and college credit simultaneously, saving time and money. Great Falls Public Schools partners with colleges and universities to offer courses at reduced tuition rates. Opportunities vary by school.

One-Two-Free Program
The Montana University System's **One-Two-Free** program provides eligible students with their first two dual enrollment courses (up to six credits) **FREE**! Additional financial assistance may be available for students experiencing hardship.
Learn more at mus.edu/one-two-free.

Additional Opportunities
Great Falls College MSU offers online and on-campus dual enrollment courses. Students may also take college-level courses at their high school with qualified instructors.
Contact your school counselor to explore available courses, eligibility requirements, and enrollment options.

Dual Enrollment Quick Facts

- Eligibility: Students must be at least 16 years old or a junior. Students under 18 need parent/guardian permission.
- College Credit: Credits generally transfer to other colleges, although how they apply toward a degree varies. Montana University System schools use common course numbering to simplify transfers.
- Registration: Students typically register through their high school class at the beginning of each semester.
- Tuition: Costs vary by college and program.

GFPS Courses that offer a Dual Credit option from one of our College partnerships include:

Courses Available at CMR and GFH

Accounting I & II
AP Government
AP Statistics
Automotive ASE
High School House
Intro to Education
Math 151-Pre-Calculus
Sign Language
AP English
AP Psychology/Psych 100x
AP US History
Build Montana
Interior Design 1-2
Math 121-College Algebra
Medical Terminology
Welding Cohort

Courses that are only available at CMR

Humanities
Criminal Justice

Courses that are only available at GFHS

AP Physics
Welding 1-2
AP Biology
Music Theory

GREAT FALLS COLLEGE
Home of the River Otters!

With a wide array of academic programs and innovative learning opportunities, Great Falls College offers a unique and customizable educational experience for you.

WHERE YOU SEE REAL VALUE
You can choose from a wide range of options at Great Falls College, giving you affordable and customizable choices that support where you are and where you want to go. Your tuition and fees average about $2,000 a semester when you attend fulltime.

WHERE YOU FIND YOUR DIRECTION
You can explore more than 20 career pathways and discover what feels right for you. You can earn a certificate or degree or transfer to a four-year college or university when you're ready. And if you want something faster, you can also choose from short term workforce trainings that help you build skills and join theworkforce more quickly.

WHERE YOU CALL THE SHOTS
You choose what works for your life — onsite, online or at night classes. You can take full semester classes or shorter eight week options, giving you the flexibility to build a schedule that fits your needs.

WHERE YOU BELONG
You learn in small classes where your instructors and classmates know your name and help you succeed. You have access to free tutoring and individualized support from places such as Accessibility Services and the Office of Student CARE. And you can find your people in places like the Native and Indigenous Cultural Center and the Military Family Center.
