BOARD MEETING
November 17, 2026

TOPIC: APPROVE 2026-2027 TARGETED IMPROVEMENT PLANS AND TURNAROUND PLANS

EXECUTIVE SUMMARY:

Targeted Improvement Plans (TIPs) and Turnaround Plans (TAPs) are required by the Texas Education Agency (TEA) for campuses identified for School Improvement under Federal and/or State accountability systems.

Federal Accountability requires TIPs to be developed for campuses identified as Comprehensive Support and Improvement (CSI) under ESSA and TEC §39A.055. TAPs are required for campuses that have failed to exit CSI status for two or more consecutive years, per TEC §39A.057. Under State Accountability rules, TIPs must be developed for campuses in their first year of Unacceptable status and TAPs must be written for any campus that has reached a second year of Unacceptable status.

TEA also requires that the campuses receiving LASO Grant or ESF Focus Support Grant funds complete and implement a TIP plan if not already required to by either accountability system. Both TIPs and TAPs must be presented in a public meeting and approved by the Board prior to submission to TEA.

The following campuses are submitting TIPs or TAPs for the 2026-2027 school year. Links to each plan are available on the District's website.

ACTION AGENDA ITEM
BOARD MEETING
November 17, 2026

TOPIC: APPROVE 2026-2027 CAMPUS IMPROVEMENT PLANS (CIP)

EXECUTIVE SUMMARY:

The Texas Education Code (TEC) § 11.253 requires each principal and campus decision-making team to develop, review, and revise the Campus Improvement Plan (CIP). The CIP directs and supports the improvement of student performance for all student populations. These plans are essential to meet the District and campuses' achievement goals.

Each CIP must:

1. Assess the academic achievement for each student in the school.
2. Set performance objectives based on the student achievement indicator system and projections.
3. Identify how goals will be met for each student.
4. Determine the resources needed to implement the plan.
5. Identify staff needed to implement the plan.
6. Set timelines for reaching these goals.
7. Measure progress towards the performance objectives periodically
8. Include violence prevention and intervention goals/methods.
9. Provide a parental involvement program
10. For elementary, middle, or junior high schools, set health program goals based on fitness data, academic performance, attendance, disadvantaged student percentage, physical activity participation, and other health council recommendations

Texas Education Code 11.253 requires that the Board of Trustees ensure that Campus Improvement Plans (CIP) for each campus are developed, reviewed, and revised annually for improving the performance of all students.

Links to each Campus Improvement Plan (CIP) will be available on the District's Intranet at the following web address:
