THE VALOR CONSERVATORY FOR THE ARTS

HOMESCHOOL ENRICHMENT PROGRAM

Valor Christian High School's Homeschool Enrichment Program provides Christ-aligned homeschool families with access to specialized learning, meaningful community, and experiences that can be difficult to replicate at home.

Anchored in Valor's Arts+Media Department, the Conservatory of the Arts allows students to pursue performing, visual, and media arts through an experience that extends far beyond the classroom, including expert instruction, mentorship, masterclasses, performances, exhibitions, and collaborative opportunities. Students also complement their homeschool curriculum by enrolling in select Valor academic courses in biblical studies, business, and the arts.

The program serves students in grades 9–12, with Conservatory admission beginning early enough in a student's high school journey to complete the full program. It offers families greater flexibility while inviting students to develop their gifts, deepen their faith, and become part of Valor's Christ-centered community.

Limited enrollment spots avaliable.

Eligibility & Status

•Students maintain their homeschool status in accordance with Colorado Department of Education guidelines.

•Students apply through Valor's standard admissions process.

•Coursework is documented through an official Valor transcript with a **certificate of completion from the Valor's Conservatory for the Arts**; the Homeschool Enrichment Program does not confer a Valor diploma.

Academic Access

•Enroll in 2–3 Valor courses per semester.

•Complete one Bible course for each year of participation.

•Select up to two Visual, Performing, and/or Media Arts courses a business course as part of their course schedule.

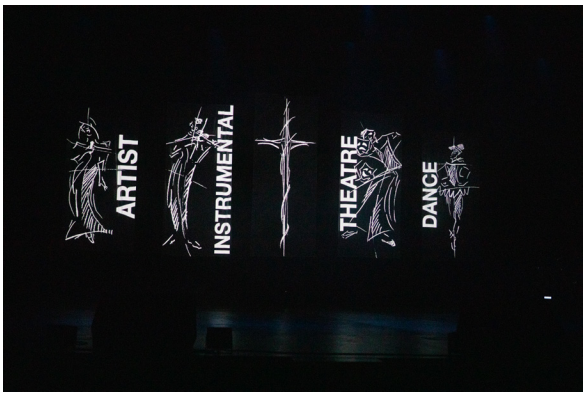

Community & Student Experience

•Participate in required Chapel and have access to a Life Group, a same-gender student cohort shepherded by a Valor faculty or staff member to encourage spiritual growth, meaningful relationships, and connection throughout high school.

•Enjoy lunch on campus, included in program cost, with access to Valor's dining facilities.

•Access social-emotional support and dedicated Conservatory academic counseling.

•Fully participate in Conservatory experiences and pathway requirements, including applicable GPA, service, and program expectations.
