PfISD SHAC (School Health Advisory Committee) Meeting Agenda

09/8/2026 at 4:30 P.M.

PfISD PACE Campus – Compliance Cove Room

700 W. Pecan Street

Pflugerville, Texas 78660

I. Attendance

Rachel Atkinson - Parent	Shelby Edmondson - District Advisor
Lindsay Ballard - Parent	Sara Hill - District Advisor
Demetria Caston - Parent	Ralph Hoard - District Advisor
Kyle Castro - Parent	Geoff Holle - District Advisor
Lyndrick Coleman - Parent	Christopher Houston - District Advisor
Janiece Dickson - Parent	Stephen Polk - District Advisor
Sabrina Romero - Parent	Hutch Hill - District Assistant Superintendent

II. RECORD (HB 1525) and Call Meeting to Order 4:30 PM

A. Parent Co-Chair Demitira George Cason called meeting to order

II. Roll Call and Establish Quorum 4:30 PM

A. Quorum established by at least 4 voting members being present.

III. Reading and Approval of Minutes 4:31 PM

A. The committee reviewed the previous meeting minutes. A motion (Kyle Castro) and second (Sabrina Romero) were made to approve the minutes, and the motion passed unanimously.

IV. New Business 4:32 PM

A. Presentation on Science and Health Curriculum 4:32 PM

Sarah Hill (Science and Health Curriculum Coordinator) provided a comprehensive overview of the district's science and health curriculum.

The presentation highlighted key areas and pain points:

- **General Curriculum & Physical Education Alignment:** Overview provided across elementary, middle, and high school grade levels.
- **Legislative Impacts & Parental Consent (SB 12 / Specific Bills):** Discussion on how recent legislation regarding topics like abuse prevention, relationships, and human sexuality requires explicit parental opt-in consent.
    - Consent forms are managed digitally through Skyward and/or SchoolLinks depending on grade level, provided in multiple languages.
    - Identified pain points include the administrative burden of tracking consent, limited internet access for some families, running dual curricula for non-participating students, and lost instruction time in core subjects like science and PE.
- **Program Shift for 6th Grade Health:** The current *Me & You Too* curriculum (originally a UT Health research study) will sunset after this school year due to the expiration of grant funding. The district will need to identify a replacement or adapt existing adopted resources (*Goodheart-Willcox*).
- **CPR Certification Requirements:** Overview of state-mandated hands-on CPR training in high school health classes, highlighting its practical impact through a real-world student example.

Ms. Hill will provide to the committee her recommendations regarding adopting or replacing the *Me & You Too* curriculum.

B. Future Agenda Items 5:00 PM

1. The committee agreed to continue inviting key district departments to present their overall operations alongside their primary "pain points" so the SHAC can consider any targeted recommendations and support.

   The committee requested the following presentations for the November meeting:

   - Nutrition Services
   - Physical Education

2. The committee revisited the discussion from the May 12, 2026 meeting on counseling and social work barriers.

3. Future potential focus areas were identified as:
    - Review proposed curriculum replacements for 6th-grade health
    - Advocating for the reallocation of non-counseling duties
    - Advocating for McKinney-Vento dedicated personnel

V. Adjourn 5:29 PM

A. A motion to adjourn was made by (Rachel Atkinson) and seconded by (Kyle Castro). The motion passed unanimously.
