TFMS Parents,

I first wanted to share that we are feeling so proud after hosting our Veterans Day program yesterday—and we are especially thrilled that we were able to welcome everyone back in person for the first time in a long time! This was an incredible ceremony that couldn't have been possible without the hard work and organization from Dr. Gross, job very well done!

Seeing our gymnasium filled with students, families, and community members made this celebration truly wonderful. Our students did a fantastic job honoring the brave men and women who have served and continue to serve our country. Thank you to everyone who attended, participated, and helped us show our respect and gratitude to our active-duty military and our veterans.
