ST. PAUL'S EPISCOPAL SCHOOL · 50TH IMPACT CIRCLE

Where Your Gift Goes

$135,000
RAISED, RESTRICTED TO TUITION ASSISTANCE

Up to 12
NEW STUDENTS AND FAMILIES WILL BE SUPPORTED

28
DONORS TO THIS FUND

Up to 12 new students, 12 new families

- Grades K–2
- Grades 3–5
- Grades 6–8

Each tuition assistance award is determined by a third party financial aid platform (Clarity).

What the Impact Circle makes possible

Access to a St. Paul's education for up to 12 students.

Financial flexibility. This purpose-restricted fund allows for the release of funds when they are needed and provides a cushion when they are not.

Mission-aligned tuition assistance practices. Offering a range of tuition assistance awards, up to 75% of tuition, means St. Paul's can retain the socioeconomic diversity that advances its mission to educate citizen-scholars in a school that reflects the real world.

In context

More families feel less able to afford independent school tuition.

- The buying power of the top 20% of earners has increased in the last 25 years, but growth has lagged in the next 80%, with growth decreasing in each quintile of the income ladder (Source: U.S. Census Data).
- In the Bay Area, the issue is even more pronounced. While the top 30% of earners have experienced modest (3.3-6.8%) income growth since 2019, the bottom 70% have experienced little or negative income growth* (Source: UC Berkeley Labor Center).
- Independent school tuition increases have consistently outpaced inflation. In the Bay Area costs have increased more than 30% in the last 10 years (Source: San Francisco Chronicle).
- St. Paul's is exceptional. Nationally, tuition awards have not been able to meet the rising needs. St. Paul's has increased investment to more than $5 million a year to meet the needs of our families and to stay true to the founding mission.

*Adjusted for inflation with regional CPI.
