9/24/26 EDAC Small Group Scenario Rankings

EDAC was split into 4 groups, and each group ranked the 8 rebalancing options shared. All four groups ranked Scenario B first.

Scenario	Group 1	Group 2	Group 3	Group 4	Average	Consolidated rank
B	**1**	**1***	**1**	**1**	**1.0**	**1**
E	2	3	4	5	3.5	**2**
C	4	2	2	7	3.75	**3**
G	6	1*	6	2	3.75	**3**
H	3	6	7	3	4.75	**5**
D	5	7	3	6	5.25	**6**
F	8	8	5	4.5	6.4	**7**
A	7	—	8	8	7.7	**8**

*Group 2 marked B as 1 + G or C and left A unranked. Group 2 also did not use ranks 4 or 5. Group 4 gave F a 4.5 and did not use rank 4.

B (1st)

- Pro: Cleanest option; Arrowhead and Woodmoor both need students
- Pro: Short distances; more room at Arrowhead
- Con: Arrowhead needs facility work; playground, bus lane, and parking issues
- Con: Unclear how boundary changes affect Title funding

E (2nd)

- Pro: Students can be served well at Cottage Lake and Sunrise based on programs
- Pro: Keeps Ashley House at Cottage Lake; helps transportation; addresses Wellington shortages
- Con: Sunrise still too small afterward
- Con: Odd map, including the northern area and long bus rides from Hollywood Hill to Sunrise

C (tied 3rd)

- Pro: Affects the fewest students; transportation may be simpler
- Con: Concentrates disruption in one school
- Con: Too few students to Hollywood Hill; may overburden Cottage Lake
- Con: May need to be repeated in five years

G (tied 3rd)

- Pro: Keeps high school feeder pattern intact
- Pro: Spreads the impact; stronger long term
- Con: East Ridge over capacity (could shift about 20 students to Wellington)

- Con: Long bus rides from the old Cottage Lake area to Wellington

H (5th)

- Pro: Best option if three schools must close
- Pro: More logical location than G
- Con: Changes high school feeder pattern
- Con: East Ridge and Cottage Lake over capacity

D (6th)

- Pro: More equitable in how many students move
- Con: Too few students at Sunrise; Hollywood Hill near capacity
- Con: Hollywood Hill bus loop and transportation issues

F (7th)

- Pro: Connects Leota and Wellington; Wellington is older with many portables
- Con: Moves many more students; awkward boundary splits
- Con: Depends on Kokanee finishing first
- Con: Leaves SR size and transportation unsolved

A (8th)

- Pro: Default if no other option moves forward
- Con: Doesn't really fix anything
- Con: Staff and families have already been through a lot

Questions

- Transportation analysis for E, including why HH4 (Hollywood Hill) and HH2 are assigned to Sunrise
- How boundary changes affect Title funding
- Sunrise's long-term plan, including whether it should join LWSD
- Whether moving about 20 students from East Ridge to Wellington resolves overcapacity under G
- Kokanee timeline, since F depends on it
- Group 1 suggested ranking one-closure and two-closure scenarios separately

Option	Description
A	**Shelton View** students temporarily relocated to **Canyon Creek** (275) and **Woodmoor** (242) for 2 years while Shelton View being rebuilt.
B	**Moorlands** students move to **Arrowhead** (201) and **Woodmoor** (235) to rebalance enrollment in the south of district. Woodmoor Head Start moves to Kenmore and Wellington.
C	**Sunrise** pockets to **Cottage Lake** (159) and **Hollywood Hill** (30).
D	**Cottage Lake** pockets to **Sunrise** (155) and **Hollywood Hill** (150).
E	**Hollywood Hill** pockets to **Cottage Lake** (68), **Sunrise** (83), and **Wellington** (110).
F	**Wellington** pockets to **Cottage Lake** (90), **Hollywood Hill** (210), **Kokanee** (39), and **Woodin** (18). **Pocket of Hollywood Hill** to Sunrise (63).
G	**Sunrise** pockets to **Hollywood Hill** (189); **Cottage Lake** pockets to **East Ridge** (129) and **Wellington** (169). Pocket of **Wellington** to **Woodin** (17).
H	**Sunrise** pockets to **Cottage Lake** (174) and **Woodmoor** (15); **Hollywood Hill** pockets to **Cottage Lake** (68) and **Wellington** (193). Pocket of **Cottage Lake to East Ridge** (125), **Wellington** to **Woodin** (17).
