SUSD Strategic Plan

- **1.1:** Provide learning opportunities that ensure all students graduate prepared for relevant and viable postsecondary higher learning and careers.
- **1.2:** Cultivate critical and creative thinking by integrating problem-based learning opportunities throughout the curriculum.

GOAL 5: OPTIMIZED RESOURCES

Generate and utilize resources to maximize educational opportunities in order to ensure organizational health.

- ***5.3*** *Ensure equitable distribution of resources to meet the needs of our students.*

Committee Norms and Expectations

Meeting Norms

- Be fully present
- Listen to understand and ask questions for clarification
- Be open to new ideas
- Invite and welcome the contributions of every member
- Support the group's recommendation after consensus is reached
- Be mindful of how often and how long you speak
- Questions and challenges are welcomed. Question and challenge the idea, not the person

Clarifying Decision-Making Process Defining Consensus

Consensus is…

- Consenting to a proposal because **group members choose to cooperate** with the direction of the **group rather than insist on their personal preference**.
- ***"Is this proposal something you can live with?*** While group members may be willing to go along with a proposal, **they do not actually need to favor it above another choice**.
- To "***consent***". This means that even if group members disagree, **there is still overall consent to move forward** in order to settle the issue.
