Student Purchases and Spending

There are several ways for students to purchase items they need for daily life on campus. The NMH School Store offers school supplies, basic health and cosmetic items, athletic clothing, gifts, and snacks. Athletics gear is also available through the athletics department. Students may also make purchases at campus events and off campus when traveling.

RECOMMENDED AMOUNT	We recommend initially making $200 available for your student to access. The funding limit of the NMH Card is $1,000.

Options for making funds available to your student:

CREDIT/DEBIT CARD	The school store and snack bar can accept credit cards, debit cards, Apple Pay, Google Pay, and Samsung Pay. These methods can also be used off campus. This is recommended for any students planning off-campus travel or purchases.
NMH CARD	The NMH Card (student ID) also functions as a debit card on campus. Students may use the card at the school store, athletics office, snack bar, mail center, and many campus events. The NMH Card also serves as a photo ID, provides access to the dorms, and allows library borrowing privileges. Please fund the NMH Card prior to the start of school and set up your MyKidsSpending (MKS) account (see below) if you haven't done so previously. Your MKS account allows you to add funds to your student's NMH Card and view their transactions. Funds may be withdrawn at the NMH cashier's office, located in the NMH School Store, and are limited to $100 per week and $500 during breaks. This card is not intended to replace a bank account. The card cannot be used at ATMs or off campus. If your student will have larger spending needs off campus, we suggest setting up a local bank account or providing them with a credit or debit card for off-campus use. There is an ATM on campus. Replacement cards cost $40. Students may check their balance at the cashier's office or business office or with the MyKidsSpending app. NMH Card statements are available at MyKidsSpending.com. The accounts are updated nightly.

MYKIDSSPENDING INFORMATION

Parents and students can create and access their MyKidsSpending account. Once the parent creates an account, the student may create an account linked to the parent. (Note: Students need accounts only if they want to download the MyKidsSpending app from Google Play (Android) or iTunes (Apple).)

To create an account, go to mykidsspending.com. (Note: To create an account, you will need your Student ID, which can be found in NMH Connect. Click on your student's name in the upper left corner, select "Contact Card, "and find the Student ID under General Information.

Statements: Parents can request statements on demand or pre-select a low balance threshold at which a statement will automatically be emailed.

To request a statement, log into MyKidsSpending.com and select "Statements," then submit "Request copy of statement." If you would like a statement to be sent whenever the account balance drops below a specified threshold, check "Enable Statement Delivery," enter the desired threshold, and click "Submit." Please allow up to 24 hours for your request to be processed.

HOW TO ADD FUNDS TO THE NMH CARD

- **To pay online by credit card or electronic check**, log into mykidsspending.com.
- **For international payments**, log into Flywire. (*Note: This is for NMH Card payments ONLY. For tuition and fee payments, you must access Flywire via FACTS so the payment will be credited to your student's account.)*
- **To pay by domestic wire**, log into Flywire and select the domestic option. Once you register your transfer, you will be presented with wire details.
- **If you have questions or require an alternate wiring option**, please contact the business office at 413-498-3268 or email billingquestions@nmhschool.org.
- **To pay by paper check,** send payments to:
  Northfield Mount Hermon Business Office
  One Lamplighter Way
