SCHOLARSHIP TIPS

Essays are the key to success for many scholarships. Be sure that you read the prompt carefully and answer the prompt. Each student is unique, so it is important to tell your story. You should avoid clichés like "I want to make the world a better place." Make sure you proofread your essays for typos and grammatical errors. Try reading your essay aloud to your parents to catch mistakes.

Many scholarships require letters of recommendations. If you have already asked teachers to write letters of recommendation for your college applications, ask the same teachers to edit your recommendation letter for scholarships.

DON'T FORGET TO COMPLETE THE FAFSA!

The Free Application for Federal Student Aid is open! Students and parents should make time to apply early. Students will need create an FSA ID on studentaid.gov in order to apply for financial aid. Check out these resources from GA Student Finance Commission of federal and state aid programs. Here is a YouTube video that explains more information on the FAFSA.
