EMPLOYED

Bibb County School District's Work Based Learning and Youth Apprenticeship programs fall under what is now **Internship Bibb**. The new program was created and designed to streamline our focus and better align with the needs of employers. We needed to speak a language that business and industry could relate to. Internship Bibb evokes the vision of Bibb County School District, that every student is ready for the Four E's upon graduation; Enroll, Enlist, Employment, or Entrepreneurship.

4 E's of BCSD

The goal for EVERY student graduating from Bibb County School District

should be...

- Enrollment
- Enlistment
- Employment
- Entrepreneurship

The CTAE Department needs business and industry partnerships to sign up to serve and participate in Virtual Worked-Based Learning Experiences:

- **Career Mentorship:** An opportunity for a student to engage with a mentor who teaches or provides career-related guidance and advice.
- **Informational Interviews:** An informal conversation for a student with someone working in a career field/job that interests the student, who will give them information and advice. It is not a job interview and the objective is not to find job openings.
- **Job Shadowing:** Opportunities for students to observe different jobs and ask businesses questions about the skills, knowledge, and education needed to perform the tasks of with the job.
- **Workplace Tours/Field Trips:** An excursion for students to gain first-hand observations of work sites.
