About Our Giving Levels

You may notice that most of our giving levels are in multiples of four. That's because there is a $4,000 gap per student between tuition and the cost of a Galloway education (which is lower than most other independent schools). We ask that you consider covering not only the gap for your family, but perhaps pay it forward and help another family cover theirs.

Participation matters as much as amount, and we welcome gifts of any size. Thank you for your support of the Galloway Fund!

Did you like Mayor Dickens' hat at our Welcome Home Celebration? Donors who give $5000 or more will receive this special limited edition hat ($75 value), along with other great perks!
