Weekly 7th Grade Newsletter

Morningside Middle | October 20 | Issue #10

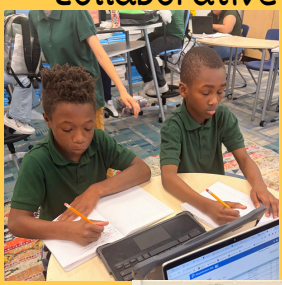

This Week in our Classrooms

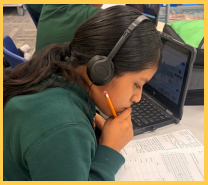

ELA

domonique_finey@charlestoncountyschools.gov

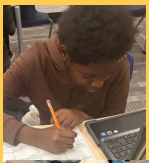

This week, after engaging in a close reading and discussion of "Annabel Lee," a poem by Edgar Allan Poe, students will be able to analyze how the rhyme and rhythm, allusions, and sound elements develop the speaker's perspective and feelings in a short, written response. In addition to this, we have also been working on content and academic vocabulary for our new Unit (Highs & Lows), in order to use the vocabulary words to craft responses and have collaborative conversations.

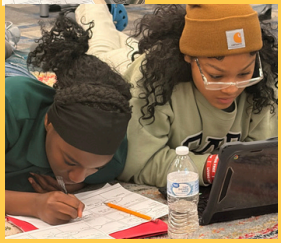

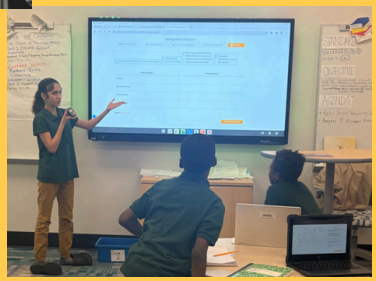

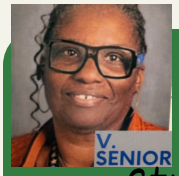

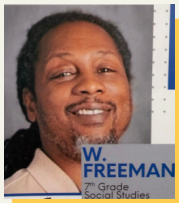

Mathematics

vanessa_senior@charlestoncountyschools.gov

Students will begin the unit on Proportional reasoning using Percentages. They will also be using percent equations to solve real world problems.

In honors , students will be learning about statistics. They will be learning about mean, mean absolute deviation, histograms, IQR, and RANGE.

Social Studies

William_freeman@charlestoncountyschools.gov

This week in 7th grade geography, students are exploring the world's 7 continents and 5 oceans through the 5 themes of geography. Rather than simply memorizing locations on a map, students will discover how geographers study the world and understand the connections between people, places, and the environment.

UPCOMING TRIPS

-Top Golf - Nov 20

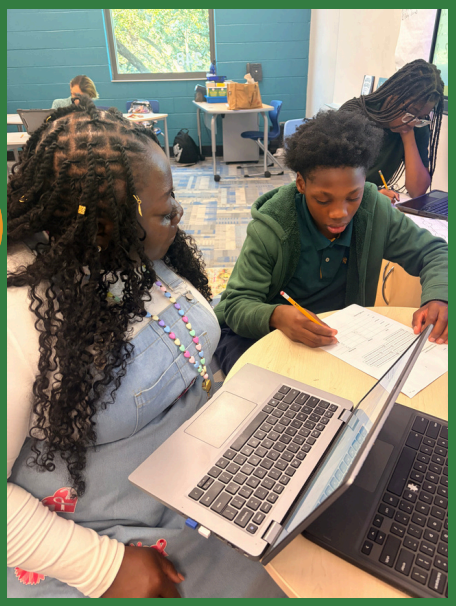

(Attendance 80%, no referrals, currently passing)

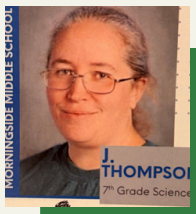

-Mega Recess - Dec 17

(30 ELA & 30 MATH IREADY COMPLETED BY DEC 10!)

Science

jennifer_thompson@charlestoncountyschools.gov

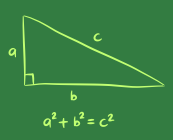

Next week in the Wonderful World of Science we will be continuing our understanding of energy and the different types of energy that surround us in all that we do! We will also write our final CER to answer the question "How do sailboats change their speed and direction" especially since they do not have a motor or use oars/paddles to push themselves along!

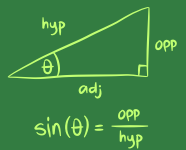

Reminder to our scholars: Each week we spend some time doing IXL Math, and while it may be tough, we work hard on it for 30 minutes twice a week!

Were you absent? Check ClassDojo to see what you missed!

Corryn Porter

Our Scholar of the Week is a smart, respectful, and hardworking student who consistently demonstrates a natural love for learning. She approaches her work with confidence, dedication, and a desire to do her very best. Her hard work and commitment to academic excellence truly paid off as she earned the highest ELA grade in the class for the first quarter! We are proud of her accomplishments and look forward to seeing her continue to grow and succeed. Keep up the excellent work!
