Paper's Key Components

24/7 Academic Support

Live Help

Provides students with individualized academic support from a tutor - anytime and from anywhere. Various communication features (e.g., text, virtual whiteboard) provide multiple avenues for access and communication.

Review Center

Students submit written work and received detailed feedback from writing coaches. Feedback is aimed at improving confidence and key writing components.

Building Foundational Skills

Missions

Independent standards-aligned practice designed to develop students' math and vocabulary skills. Designed to:

1. reinforce concepts (grade-aligned)
2. refresh (one grade level below)
3. challenge (one grade ahead)

Paper Reading

A reading practice tool that listens to students as they read aloud and provides immediate feedback on key metrics. Students can read a text of their choice or select from the digital library. Teachers can also create assignments.

PaperClips

Library of short educational videos covering a variety of topics, including math, science, test prep pointers, and more.

College & Career

Major Clarity

A career exposure and academic planning platform for grades 4-12. Promotes student engagement through exploration of career options and related educational and training expectations.
