LANDO

LEGO ROBOTICS Mega Machines

BEST IN STEM .ORG

ON CAMPUS AT HOLLOW HILLS

Make a hippo yawn, a truck transform, a windmill spin. This session's engineers build machines in levels with LEGO, Technic, and real motors—teachers keep every challenge just right so no one gets stuck or bored. Every class ends with an email home: photos of exactly what your child built that day.

Thursdays, 1:45PM - 3:15PM

Starting September 3 for Grade 1 to 3

$25 per 90 min class

Pay Monthly. Unenroll Any Month
