EARLY CHILDHOOD FAMILY EDUCATION GUIDE

WHAT IS EARLY CHILDHOOD FAMILY EDUCATION (ECFE)?

Early Childhood Family Education (ECFE) is a Minnesota program offered through your local school district's Community Education—right here in SoWashCo! ECFE is designed to support you as your child's first and most important teacher. Through play, learning, and connection with other families, ECFE helps parents and caregivers build strong foundations for their child's growth, learning, and lifelong success.

"I can't believe this program doesn't exist in other states!"

"The reason I love being a parent is because of this class. It gave me friendship, support, and confidence throughout my parenting journey."

1. Parent/Child Interaction

During this time, parents and children will participate together in fun age-specific activities that support foundational learning all planned by a licensed school district early childhood teacher.

2. Parent Discussion Time

Parent discussion provides an opportunity to connect with other parents in a supportive environment. You will discuss and gain relevant information on topics related to supporting children's growth and development as well as group-generated topics. A licensed school district parent educator facilitates the parent discussion.

3. Early Childhood Education

Activities that your child will participate in are intentionally planned to support social and emotional skills, language and literacy, creativity, cognitive, physical, and motor development.

ECFE Classes Open Nov. 23-Dec. 4

Lottery enrollment for Early Childhood Family Education (ECFE) classes begin November 23 and ends December 4. A random, computer-generated placement process will take place on Monday, December 7. After that, any remaining spots will be filled on a first-come, first-served basis. Winter/Spring classes will run from February 1, 2027, through May 28, 2027.

Early Childhood Screening

Early childhood screening is a free and simple check of how your child is growing, developing and learning.

Families are recommended to have their child screened at age 3. Early Childhood Screening is required by the State of Minnesota for any child entering Kindergarten in a public school and in SoWashCo Schools required before enrollment in 4s Preschool (Sunny Scholars) program.

During screening a trained professional will check:

- Thinking, language and communication skills
- Social and emotional development
- Vision and hearing
- Height and weight
- Large and small muscles
- Immunization history

For further information or to schedule an appointment visit our website **sowashco.org/screening**

Have questions on your child's development?

No two children develop, grow and learn in the same way or at the same pace. However, children do develop in certain predictable ways. To review developmental milestones, encourage healthy development and learn additional resources for your child, visit Help Me Grow at **www.helpmegrowmn.org**

help me GROW

If you have questions about your child's development, or the milestones they are or are not achieving, please contact our office at 651-425-6121.

PRESCHOOL

Preschool supports a child's social-emotional growth while also increasing skills in language, literacy and physical development for future success. Preschool offers a great environment where children can create important social connections with their peers.

1. Highly Qualified and Caring Staff
2. Curriculum and Assessment
3. Four-Star Parent Aware

GROUP TOURS

Where do things go when we **throw them away?**

Come see what happens to trash in Ramsey and Washington counties.

Group tours are available at the Ramsey/Washington Recycling & Energy Center in Newport!

Schedule your free group tour today!

Join us to see how we manage all the trash produced in our two counties. During the tour, visitors will be able to observe the Ramsey/Washington Recycling & Energy Center in action, where we work to recover resources and minimize landfilling, and learn the importance of reducing, reusing, and recycling.

Illuminating Futures Beyond the Classroom

How Kids Club Marks Lights On Afterschool With Glow-in-the-Dark Learning and Connection

Throughout October, Kids Club sites are celebrating Lights On Afterschool, a nationwide initiative launched in 2000 by the Afterschool Alliance to highlight the essential role afterschool programs play in supporting children, families, and communities. Now in its 27th year, this annual celebration emphasizes how out-of-school time (OST) programs provide safe, supportive, and enriching environments where children can build lasting friendships, develop social skills, explore personal interests, grow in confidence, and discover new talents.

To mark the occasion, Kids Club is hosting Glow Parties across all sites, featuring glow-in-the-dark activities, creative crafts, games, glowing paints, immersive lighting, and temporary glow tattoos. These interactive experiences bring children together through creativity, exploration, and play, celebrating the meaningful ways afterschool programs help youth learn, connect, and thrive beyond the traditional school day.

Kids Club School-age Child Care

Kids Club provides high-quality child care to elementary-age students within SoWashCo Schools. Our purpose is to support the healthy growth and development of students through strong relationships and engaging, skill-building experiences.

Key Learning Areas

We provide a weekly curriculum with a variety of theme-based activities. Children are offered options to participate in group and individual activities in eight key learning areas identified by our families, Kids Club staff and school day staff.

- Social Emotional Learning • Art • STEM • Literacy
- Health and Wellness • Physical Activity • Life Skills
- Language and culture

Financial Assistance Application
South Washington County Schools
Community Education Youth Programs

Please submit this application with your registration form and a copy of your Educational Benefits letter for the current school year. Only one copy of the notification letter is necessary. If you have already submitted your family's letter to SoWashCo Community Education this year, please indicate that below. Financial Assistance applications and Community Education registration forms are available online at commed.sowashco.org/financial-assistance.

Please complete a separate application form for each registration form.

Financial assistance MUST be requested ONE WEEK before the start of the course - late applications may be denied.

- You must live within the boundaries of South Washington County Schools (SoWashCo Schools) ISD #833 or attend school within the district to qualify for financial assistance.
- Financial assistance does not cover the cost of uniforms. Participants must pay for uniforms.
- All information will be kept confidential.
- **Effective for courses beginning July 1, 2026, we are updating our distribution structure** to ensure financial assistance remains sustainable and reaches as many families as possible. These changes allow for a more equitable distribution of funds, helping us spread support across a broader range of participants and programs. By adjusting these rates, we can continue to provide meaningful discounts to district residents while maximizing the overall impact of our community resources.
    - **Free Educational Benefits:** Families pay 45% of the course fee, minimum payment $20.
    - **Reduced Educational Benefits:** Families pay 50% of the course fee, minimum payment $20.
    - Up to **$200 per participant** in financial assistance is available each fiscal year (July 1–June 30).
    - The maximum discount is $100 per course.
- **DO NOT register online.** A staff member must complete your registration to apply your discount. Note: We cannot provide refunds if you register and pay full price before your assistance is approved.
