

# BEYOND THE NUMBERS:

## Teaching the Math Practices

**The Standards for Mathematical Practice (SMPs) are more than a poster on the wall—they are the habits of mind that help students become confident, capable mathematicians.**

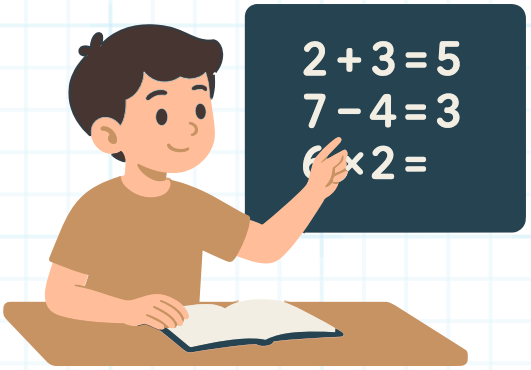

Join us for an interactive learning experience diving into the SMPs highlighted in the California Mathematics Framework. Walk away with practical strategies and instructional moves that foster curiosity, productive struggle, student discourse, and mathematical agency. Let's create classrooms where every student has opportunities to reason, make sense of mathematics, and see themselves as mathematicians.

**Date**: January 6, 2027

**Time**: 8:30 a.m. - 3 p.m.
Check-in begins at 8 a.m.

**Location**: San Joaquin County Office of Education
Wentworth Education Center
2707 Transworld Drive, Stockton

**Fee:** FREE!
